Related Attachment(s) - Consent To Search

Attachment Description: **TP310 RUSSELL VEHICLE**
Reference Number:

Report #: 17-260921 | TAMPA POLICE DEPARTMENT CONSENT AND RELEASE | Date: 5-20-17 Page: 1 of 1

☐ **CONSENT TO BE INTEREVIEWED CONCERNING AN OFFENSE OF** _____

[Int. ____] You have the right to remain silent. If you give up the right to remain silent, anything you say can be used against you in court. You have the right to consult with an attorney before you make a statement or answer any question and the right to have an attorney present during questioning. If you want an attorney but cannot afford to hire an attorney, one will be appointed to represent you before and during questioning free of charge. You have the right to use any of these rights at any time you want during the interview, and you may stop the interview at any time.

I, _____ have had these rights read to me: I understand them and I am willing to talk at this time. No threats or promises of any kind have been made to coerce me to make a statement.

☒ **CONSENT TO SEARCH/WAIVER OF SEARCH WARRANT:** DSLU98 (PL)

I, [Int. BR] hereby voluntarily give my full consent that the premises and/or building(s) or enclosure(s) located therein, and/or vehicle(s) located at: 13320 Amberly #3723, and all locked or unlocked containers located therein, may be searched by an authorized law enforcement officer. I give this consent freely and voluntarily, without compulsion, threat, or promise of any kind. I understand my constitutional right to refuse a search of said premises and/or vehicle(s) without a search warrant and it is my intention to fully and completely waive such right by consent. I further understand that anything or any article that may be found in the search of the premises and/or vehicle(s) may be used at trial in any matter of which I may be accused.

☐ **CONSENT TO SEARCH/WAIVER OF SEARCH WARRANT FOR ORAL SWAB/DNA (See SOP 545.1):**

I, [Int. ____] do hereby consent that the below listed officer collect a mouth swab specimen from me for investigative purposes. I have been fully informed that this specimen will be analyzed for evidence, placed into the DNA database, and can be used in any trial in any matter of which I may stand accused. I understand my constitutional rights in regard to this search and it is my intention to freely and voluntarily consent to this search by oral swab, without compulsion or threat of any kind.

☐ **SWORN STATEMENT ACKNOWLEDGEMENT:**

I, [Int. ____] swear or affirm that my statements made on this date concerning the offense of _____ are true and voluntarily made. I further certify that I have been informed that if I knowingly give false information to any law enforcement officer concerning the alleged commission of any crime, it is a criminal offense as stated in Florida State Statutes.

☐ **COMPLAINT WITHDRAWAL AFFIDAVIT:**

I, [Int. ____] certify that I am satisfied with the investigation conducted by the Tampa Police Department concerning the offense of _____ and I am hereby withdrawing my complaint. I understand that I may request that this case be opened at a later date and the case can be reviewed for prosecution.

☐ **RELEASE OF RESPONSIBILITY:**

I, [Int. ____] authorize the below officer(s) with the Tampa Police Department, to leave my vehicle, (Year) _____, (Make) _____ (Model) _____ (Tag or Vin) _____ to be parked at/or left in the care of _____. I expressly release the named officer(s) and the City of Tampa from any liability whatsoever due to damage, loss or theft of/from the listed vehicle.

☐ **MISSING PERSONS/JUVENILE RUNAWAY AFFIDAVIT (SEE TPD 1009):**

I, [Int. ____] certify that _____, DOB _____ has been missing/runaway since _____. I am the (relative) _____ of the missing/runaway and he/she is missing due to (type circumstances): _____.
I will notify the Tampa Police Department immediately upon the missing/runaway's return and advise of the circumstances.

Attachment Description: **SEARCH WARRANT FOR APARTMENT**
Reference Number:

IN THE CIRCUIT/COUNTY COURT OF THIRTEENTH JUDICIAL CIRCUIT IN AND FOR HILLSBOROUGH COUNTY, FLORIDA CRIMINAL JUSTICE DIVISION

STATE OF FLORIDA:
COUNTY OF HILLSBOROUGH:
TO: THE CHIEF OF THE TAMPA POLICE DEPARTMENT OR THE SHERIFF OF HILLSBOROUGH COUNTY AND/OR ANY POLICE OFFICER THEREOF:

SEARCH WARRANT

WHEREAS, a complaint on oath and in writing, supported by Affidavit, has been made before me the undersigned
JUDGE CHET A. THARPE, CIRCUIT COURT JUDGE
in and for Hillsborough County, Florida, by Shaun McNiff, a Police Detective of the City of Tampa Police Department, who stated that there is reason to believe and does believe that a certain residence located in Hillsborough County, Florida, described as follows:

The residence in question is an apartment located in The Hamptons at Tampa Palms. The residence is located at 15350 Amberly Drive #3723, Tampa, Florida 33647. The front of the residence faces northwest. The two story building is beige in color. Entry to the apartment can be made through a single green door that opens inward. The residence is on the second floor of the two story building. A single garage is also incorporated and attached to this unit. The garage door is white in color. Above the garage door, on the exterior of the building is the letter "C."

And there are now being kept in said apartment, items of evidentiary value pertaining to the violation of the Laws prohibiting First Degree Murder; Florida State Statute 782.04(1) and items described in Exhibit A, which are incorporated by reference and made a part hereof as if repeated in full and subject to seizure pursuant to Florida State Statute 933.02

WHEREAS, said facts made known to me have caused me to find there is probable cause to believe that Detective Shaun McNiff, of the Tampa Police Department, who being duly sworn, deposes and says that the Affiant has probable cause to believe that certain laws have been violated and that evidence of the violation of certain laws pursuant to Florida State Statute 782.04(1) First Degree Murder, are in the residence.

And it appears to the Court that the Affiant is a reputable citizen of Hillsborough County, State of Florida, and that the facts set forth in said affidavit show and constitute probable cause for the issuance of this warrant and the Court being satisfied of the existence of said grounds set forth in said application, or that there is probable cause to believe in their existence.

NOW, THEREFORE, with such lawful assistance as may be necessary, you are hereby commanded, in the daytime or in the nighttime, or on Sunday, as the exigencies of the occasion may demand, to search the aforesaid residence reasonably believed to be connected with said

illegal activity, for the items described in this warrant and if the same or any part thereof be found, you are hereby authorized to seize and secure same, giving proper receipt thereof and making a return of your doings under this warrant within ten (10) days of the date hereof.

WITNESS my hand and seal this 19th day of May, 2017

Judge in and for Hillsborough County, Florida

Attachment Description: **AFFIDAVIT IN SUPPORT OF SEARCH WARRANT FOR APT**
Reference Number:

IN THE CIRCUIT/COUNTY COURT OF THIRTEENTH JUDICIAL CIRCUIT IN AND FOR HILLSBOROUGH COUNTY, FLORIDA
CRIMINAL JUSTICE DIVISION

STATE OF FLORIDA:
COUNTY OF HILLSBOROUGH:

AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

BEFORE ME, JUDGE CHEF A. THORPE, Judge of the Thirteenth Judicial Circuit in and for Hillsborough County, Florida, personally appeared Shaun McNiff, who is employed as a Police Detective with the City of Tampa Police Department, being first duly sworn, deposes and says that the Affiant has probable cause to believe that certain laws have been and were violated and that evidence of the violation of certain laws pursuant to Florida State Statutes, 784.02(1) are contained in the aforementioned residence:

The residence in question is an apartment located in The Hamptons at Tampa Palms. The physical address is 15350 Amberly Drive #3723, Tampa, Florida 33647. The front of the residence faces northwest. The two story building is beige in color. Entry to the apartment can be made through a single green door that opens inward. The residence is on the second floor of the two story building. A single garage is also incorporated and attached to this unit. The garage door is white in color. Above the garage door, on the exterior of the building is the letter "C."

The affiant, Shaun McNiff, a Police Detective of the Tampa Police Department being sworn states:

Your Affiant is an Investigative Law Enforcement Officer as defined in Florida State Statute 934.02, and is making this application pursuant to my official duties. Your Affiant is authorized to do so by the Honorable Andrew Warren, State Attorney for the Thirteenth Judicial Circuit, Hillsborough County, Florida, pursuant to the authority conferred upon him by F.S.S. 934.07.

Your Affiant, SHAUN MCNIFF, is employed as a Police Detective by the City of Tampa Police Department, and as such is a law enforcement officer with the State of Florida. Your Affiant has been a sworn law enforcement officer in the State of Florida since March, 2004 and has been employed with the City of Tampa Police Department since November, 2010. Your Affiant is currently assigned to the Major Crimes Bureau, Homicide Squad and is responsible for the investigation of many types of criminal investigations, including firearm offenses. Your affiant has successfully completed numerous specialized training classes related to criminal investigations. Detective McNiff has applied for, been granted and participated in the execution of search warrants as a sworn Police Officer. Detective McNiff holds a Bachelor's Degree in Criminology, from The Florida State University.

All information contained within this search warrant is personally known by your Affiant and / or was imparted to your Affiant during the course of the investigation.

1. On May 19th, 2017, at approximately 1700 hours, two unidentified white men were shot and killed inside the apartment of 15350 Amberly Drive #3723, Tampa, Florida 33647.

2. The suspect, Devon Shaun Ryan Arthurs, with a date of birth of 03/18/1999, then left the residence of 15350 Amberly Drive #3723, Tampa, Florida 33647 and walked to 15325 Amberly Drive, Tampa, Florida 33647.

3. 15325 Amberly Drive, Tampa, Florida 33647 is the Green Planet Smoke Shop, located within the strip mall at this location.

4. The distance between the apartment and the smoke shop has been estimated at 0.9 miles.

5. On May 19th, 2017, at approximately 1740 hours, the Tampa Police Communication Center received calls for service at the strip mall indicating that a white male with blonde hair and a green shirt was by the smoke shop holding a gun and threatening to shoot people.

6. Upon entering the Green Planet Smoke Shop, Devon Shaun Ryan Arthurs was holding a Glock semiautomatic pistol.

[redacted]

8. Tampa Police Officers arrived at the Green Planet Smoke Shop and took Devon Shaun Ryan Arthurs into custody. Arthurs was still in possession of a Glock semiautomatic pistol.

[redacted]

9. Based on the directions provided by Devon Shaun Ryan Arthurs, Tampa Police Officers responded to 15350 Amberly Drive #3723, Tampa, Florida 33647. Officers encountered Brandon Clint Russell, with a date of birth of 07/01/1995, standing outside the front door.

10. Brandon Clint Russell was crying and was visibly upset. The front door to apartment 3723 was unlocked and slightly ajar.

11. In an attempt to preserve life, officers made entry into the apartment. Once inside, officers located two bodies, visibly deceased from apparent gunshot wounds. The bodies were that of two unidentified white males.

12. Det. Kenneth Nightlinger conducted an interview with Brandon Clint Russell, who advised that within the apartment were materials for making model rockets. Those materials included Thorium, which is a radioactive actinide metal, potassium chlorate, which is used in explosives and fireworks, Hexamethylene Triperoxide Diamine (HMTD), which is a high explosive organic compound and rocket propellant.

For the safety of all persons on scene and residents living in the area, the Federal Bureau of Investigation and officers with the Explosive Ordinance Disposal team entered the residence under circumstances of exigency to make all items of an explosive nature, safe.

Based on the totality of circumstances, the Affiant has reason to believe and does believe that there are currently items of evidentiary value relating to the offenses First Degree Murder and items described in Exhibit A, which is incorporated by reference and made a part hereof as if in full, being kept at or within the residence located at 15350 Amberly Drive #3723, Tampa, Florida 33647 and its incorporated garage, described in this Affidavit in support of the Search Warrant contrary to existing laws; to wit: Florida State Statutes784.02(1) et seq., and such items are subject to seizure under the authority of Florida State Statute 933.02.

WHEREOF, Affiant makes this affidavit for the issuance of a Search Warrant in due form of law for the search of the described residence heretofore described, and for the seizure and safe keeping thereof, subject to the order of the Honorable Court, by the duly constituted officers of the law.

Detective Shawn McNiff
Tampa Police Department

Sworn to and subscribed before me this 19th day of May, 2017

Judge
Thirteenth Judicial Circuit In and For Hillsborough County

EXHIBIT A

Items to be seized:

1) Spent shell casings used in the commission of the offense

2) Weapons and ammunition, both fired and unfired, which are utilized by individuals taking part in firearm and shooting crimes. In addition as detailed in the Affidavit in Support of Search Warrant, weapons would be probative of evidence to prove firearm and shooting crimes

3) Fingerprints, blood, hair, fibers, DNA, serology and any other manner of biology or personal identifiers to forensically link a person to a firearm or ammunition.

4) Any items or articles described as, but not limited to, mail, clothes, utility bills, photographs or journals that would be probative to establish control / possession of the residence where related items of evidentiary value are kept, stored and or maintained.

5) Any items of evidence used in the making of explosive devices, to include but not limited to Thorium, Potassium Chlorate, Hexamethylene Triperoxide Diamine and rocket propellant

6) Cellular phones, computer storage devices, or any other electronic device or material used to describe or define pertinent facts related to this investigation.

7) Any and all items of evidence located within the residence, which has evidentiary value bearing on the commission of the listed offenses.

Attachment Description: **PETITION TO SEAL SEARCH WARRANT**
Reference Number:

IN THE CIRCUIT COURT OF THE THIRTEENTH JUDICIAL CIRCUIT
OF THE STATE OF FLORIDA, IN AND FOR HILLSBOROUGH COUNTY
CRIMINAL JUSTICE DIVISION

STATE OF FLORIDA **TPD CASE NO. 2017-260921**

VS

DEVON SHAUN RYAN ARTHURS

PETITION TO SEAL SEARCH WARRANT AND RELATED DOCUMENTS

COMES NOW THE STATE OF FLORIDA by and through the undersigned Assistant State Attorney pursuant to Florida Rule of Judicial Administration 2.420 and move this Honorable Court to enter an order sealing the search warrant and the probable cause affidavit which supports the issuance of the Search Warrant described below from public inspection until the release of the discovery to the defense (upon request) or until further order of this Court, and would show in support as follows:

1. Andrew Oneschuk, W/M 04/27/1999 and Jeremy Himmelman, W/M 03/16/1995, were shot and killed on May 19th, 2017, inside the residence of 15350 Amberly Drive #3723, Tampa, FL 33647.

2. The investigation into the death of Andrew Oneschuk and Jeremy Himmelman is ongoing.

3. The Tampa Police Department has prepared a search warrant for the residence occupied by Andrew Oneschuk, Jeremy Himmelman and Devon Arthurs.

4. The search warrant and the affidavit in support of the search warrant set forth facts and interviews learned and obtained during the course of the ongoing investigation into the death of

Andrew Oneschuk and Jeremy Himmelman.

5. The search warrant and related documents contain sensitive and/or confidential information that is part of an ongoing investigation. The continued confidentiality until release of the discovery to the defense is required to:

a. Prevent a serious and imminent threat to the fair, impartial and orderly administration of justice; or

b. Protect a compelling governmental interest; or

c. Avoid substantial injury to an innocent third party.

6. There are no less restrictive measures available to protect the interests of law enforcement, the ongoing investigation or the safety of the third party.

7. The motion and order to seal this search warrant and related documents will not be sealed and will be filed with the Clerk's office.

8. The need for confidentiality will only continue until the discovery is released.

9. The warrant, affidavit and attached exhibits have been filed with the Clerk of the Circuit Court.

Wherefore, the State of Florida moves this Honorable Court to Seal the Search Warrant and Related Documents.

I hereby certify that a true and correct copy of the foregoing Motion and Order will be furnished to the Clerk of the 13th Judicial Court, this 23rd day of May, 2017.

Respectfully submitted,

ANDREW WARREN
STATE ATTORNEY

RONALD D. GALE
ASSISTANT STATE ATTORNEY

ORDER SEALING SEARCH WARRANT AND RELATED DOCUMENTS

THIS CAUSE having come on to be heard upon the Motion of the State of Florida and the request of the Tampa Police Department and the Court having been further apprised in the premises, it is thereupon

ORDERED AND ADJUDGED that the sealing of the Search Warrant and Related Documents is necessary to:

a. Prevent a serious and imminent threat to the fair, impartial and orderly administration of justice,

b. Protect a compelling governmental interest, or

c. Avoid a substantial injury to an innocent third party, and there are no less restrictive measures are available to protect these interests, it's further

ORDERED AND ADJUDGED that the Search Warrant and Related Documents (TPD No. 17-260921) is hereby sealed from public inspection by all persons except authorized personnel of the State Attorney's Office in and for the Thirteenth Judicial Circuit and authorized personnel of the Tampa Police Department until

a. Further court order, or

b. The release of the discovery.

DONE AND ORDERED in Court at Tampa, Hillsborough County, Florida, this 23rd day of May, 2017.

CIRCUIT COURT JUDGE
THIRTEENTH JUDICIAL CIRCUIT
HILLSBOROUGH COUNTY, FLORIDA

Terminal Event & Circumstances: Per Det. Sandel (TPD): the decedent is an 18 y/o male who resides with three roommates at the listed address in the Hamptons of Tampa Palms apartment complex. The roommates are reportedly members of an unspecified white supremacist group. On 5/19/17 at approximately 1700 hours, one of the roommates argued with the other roommates and multiple shots were fired at close range with an assault rifle. The decedent and another roommate (MEO case #17-03711) suffered GSWs to the head and upper torso. 911 was contacted, and his death was pronounced on 05/19/17 at 1755 hours. Dr. Rivers to scene.

Medical History: Per NOK: none

no data found

Terminal Event & Circumstances	Per Det. Sandel (TPD): the decedent is a 22 y/o male who resides with three roommates at the listed address in the Hamptons of Tampa Palms apartment complex. The roommates are reportedly members of an unspecified white supremacist group. On 5/19/17 at approximately 1700 hours, one of the roommates argued with the other roommates and multiple shots were fired at close range with an assault rifle. The decedent and another roommate (MEO case #17-03708) suffered GSWs to the head and upper torso. 911 was contacted, and his death was pronounced on 05/19/17 at 1755 hours. Dr. Rivers to scene.

Attachment Description: **TPD 310 - ARTHURS**
Reference Number:

Report #: 17-260921

TAMPA POLICE DEPARTMENT
CONSENT AND RELEASE

Date: 5-20-17
Page: 1 of 1

☑ **CONSENT TO BE INTEREVIEWED CONCERNING AN OFFENSE OF** Homicide
[Int. DA] You have the right to remain silent. If you give up the right to remain silent, anything you say can be used against you in court. You have the right to consult with an attorney before you make a statement or answer any question and the right to have an attorney present during questioning. If you want an attorney but cannot afford to hire an attorney, one will be appointed to represent you before and during questioning free of charge. You have the right to use any of these rights at any time you want during the interview, and you may stop the interview at any time.
I, Devon Arthurs have had these rights read to me: I understand them and I am willing to talk at this time. No threats or promises of any kind have been made to coerce me to make a statement.

☐ **CONSENT TO SEARCH/WAIVER OF SEARCH WARRANT:**
I, [Int. ____] hereby voluntarily give my full consent that the premises and/or building(s) or enclosure(s) located therein, and/or vehicle(s) located at: _____, and all locked or unlocked containers located therein, may be searched by an authorized law enforcement officer. I give this consent freely and voluntarily, without compulsion, threat, or promise of any kind. I understand my constitutional right to refuse a search of said premises and/or vehicle(s) without a search warrant and it is my intention to fully and completely waive such right by consent. I further understand that anything or any article that may be found in the search of the premises and/or vehicle(s) may be used at trial in any matter of which I may be accused.

☐ **CONSENT TO SEARCH/WAIVER OF SEARCH WARRANT FOR ORAL SWAB/DNA (See SOP 545.1):**
I, [Int. ____] do hereby consent that the below listed officer collect a mouth swab specimen from me for investigative purposes. I have been fully informed that this specimen will be analyzed for evidence, placed into the DNA database, and can be used in any trial in any matter of which I may stand accused. I understand my constitutional rights in regard to this search and it is my intention to freely and voluntarily consent to this search by oral swab, without compulsion or threat of any kind.

☐ **SWORN STATEMENT ACKNOWLEDGEMENT:**
I, [Int. ____] swear or affirm that my statements made on this date concerning the offense of _____ are true and voluntarily made. I further certify that I have been informed that if I knowingly give false information to any law enforcement officer concerning the alleged commission of any crime, it is a criminal offense as stated in Florida State Statutes.

☐ **COMPLAINT WITHDRAWAL AFFIDAVIT:**
I, [Int. ____] certify that I am satisfied with the investigation conducted by the Tampa Police Department concerning the offense of _____ and I am hereby withdrawing my complaint. I understand that I may request that this case be opened at a later date and the case can be reviewed for prosecution.

☐ **RELEASE OF RESPONSIBILITY:**
I, [Int. ____] authorize the below officer(s) with the Tampa Police Department, to leave my vehicle, (Year) _____, (Make) _____ (Model) _____ (Tag or Vin) _____ to be parked at/or left in the care of _____. I expressly release the named officer(s) and the City of Tampa from any liability whatsoever due to damage, loss or theft of/from the listed vehicle.

☐ **MISSING PERSONS/JUVENILE RUNAWAY AFFIDAVIT (SEE TPD 1009):**
I, [Int. ____] certify that _____, DOB _____ has been missing/runaway since _____. I am the (relative) _____ of the missing/runaway and he/she is missing due to (type circumstances): _____.
I will notify the Tampa Police Department immediately upon the missing/runaway's return and advise of the circumstances.

STATEMENT

I, _____ on the _____day of _____, 20_____ A.D., at (time)_____ at Tampa, Hillsborough County, Florida, freely and voluntarily make the following statement. I have been advised that I have the constitutional right to remain absolutely silent, that I need not make any statement that may tend to incriminate me, and if I do that it may be used in a court of law against me. I have been advised that I have the right to a lawyer and the right to have the lawyer present before and during any questioning. I have also been told that if I cannot afford a lawyer, then one will be appointed without cost to represent me. No force has been used nor promises or threats made in obtaining this statement.

EVIDENCE:

Submission 1:

FDLE Item#	Agency Exhibit#	Description
1	1610149-49	One copper coated steel fragment
1	1610149-50	One fired bullet jacket fragment
1	1610149-51	One fired bullet
1	1610149-52	One fired bullet
2	1610155-5	Romarm/Cugir 7.62 x 39mm semi-automatic rifle, model WASR-10, with the serial number A1-52198-16 RO, and one attached leather sling

FDLE NUMBER: 20170305429 Submissions: 1 and 2

JK

FDLE Item#	Agency Exhibit#	Description
2	1610155-6	One unfired 7.62 x 39mm caliber cartridge
3	1610149-41	One fired 7.62 x 39mm caliber cartridge case
3	1610149-42A and 1610149-42B	Two fired 7.62 x 39mm caliber cartridge cases
3	1610149-43	One fired 7.62 x 39mm caliber cartridge case
3	1610149-44	One fired 7.62 x 39mm caliber cartridge case
3	1610149-45	One fired 7.62 x 39mm caliber cartridge case
3	1610149-46	One fired 7.62 x 39mm caliber cartridge case
3	1610149-47	One fired 7.62 x 39mm caliber cartridge case
3	1610149-48	One fired 7.62 x 39mm caliber cartridge case

Submission 2:

FDLE Item#	Agency Exhibit#	Description
4	1610149-38	One detachable box magazine

RESULTS:

The Exhibit #1610149-49 fragment is of no value for comparison to a specific firearm or fired bullet.

The Exhibit #1610149-50, #1610149-51, and #1610149-52 bullet jacket fragment/bullets were fired from the Exhibit #1610155-5 rifle.

The Exhibit #1610155-5 rifle was test fired using the Exhibit #1610149-38 magazine and laboratory ammunition. The trigger pull measured approximately four and three-quarter (4 ¾) to five (5) pounds.

The Exhibit #1610155-5 sling was not examined.

The Exhibit #1610155-6 unfired cartridge is suitable for use in the Exhibit #1610155-5 rifle and the Exhibit #1610149-38 magazine.

The Exhibit #1610149-41, #1610149-42A, #1610149-42B, and #1610149-43 through #1610149-48 cartridge cases were fired in the Exhibit #1610155-5 rifle. Images of Exhibit #1610149-42B were entered in and compared to NIBIN. No potential associations were made at this time. Your agency will be notified of any future results.

FDLE NUMBER: 20170305429 Submissions: 1 and 2

JK

REMARKS:

Test fires generated during analysis are being returned in FDLE Item #2.1.

The submitted exhibits will be transferred to the Evidence Section for return to your agency.

Questions regarding this report should be addressed to: jameskwong@fdle.state.fl.us.

Related Attachment(s) - Other Misc. Documents

Attachment Description: **HCSO JAIL LT DOCUMENTATION OF ARTHURS CONTACT**
Reference Number:

Sergeant Vanheyst, per your request, this document reflects my experience with Inmate Arthurs #17018702, on May 26, 2017.

At 2219 hours, Deputy Acquaviva #252995, who was assigned to pod 1A, at the Falkenburg Road Jail (where Arthurs is currently assigned to cell #503), advised me in the deputies' station that Arthurs wanted to speak with me regarding Arthurs' request to "Speak with the F.B.I. about his case and additional explosives." At 2220 hours, I responded to Arthurs' cell (1A503) and spoke with him at the door for approximately one minute; I was unable to understand him, as his voice echoed within the cell. At 2221 hours, I entered Arthurs' cell and spoke with him until 2231 hours (10-minute interaction). Arthurs was lucid and articulate. During this 10 minutes, Arthurs reiterated, many times, his request to speak with detectives and/or the F.B.I. regarding his case in order to share additional information with either of which would listen to him. He spent much of the 10 minutes talking about how he believed his family's safety was in jeopardy, and that the group "Atom Waffen" was very resourceful and would have interest in harming members of Arthurs' family in order to exact revenge and manipulate an investigation into the group. [redacted] Immediately after my 10-minute conversation with Arthurs, I returned to the deputies' station and used my cellphone to create a bullet-point style record of what I could recall from our conversation:

[redacted]

- Arthurs stated he used to be a member of this group as well, prior to him converting to Islam.
- Arthurs said the safety of his family is in jeopardy, as members of "Atom Waffen" will likely want to harm them in order to exact revenge and to manipulate an investigation into the group. Arthurs also explained his segregation/confinement status was wearing on him.

[redacted] or both of the two men had changed Arthurs' social media profile picture to a picture that depicted sexual acts involving people and animals, as well as a picture that depicted Iraqi and Syrian children being "bombed."

[redacted]

Document: **CASE SUMMARY**
Author: **70518 - BARRETO, EDWARD S**
Related date/time: **May-20-2017 (Sat.)**

On 05-20-2017 at approximately 2240 hours I was advised by Sgt. T.J. Miller to go relieve Officer B. Baclh at 411 N. Franklin St. Officer B. Balch had a subject in custody, Brandon Russell, who was on-scene at the double homicide case. At approximately 2300 I arrived at 411 N. Franklin St. I went to the 8th floor and came in contact with Officer B. Balch and Brandon Russell. Both were in the first room on the 8th floor and seated in the hallway in the room. I advised Officer B. Balch I was there to relieve him, we went ahead and switched our handcuffs on the subject. I now applied my handcuffs on Russel and officially took custody of him at 2315 hours.

At approximately 0300 hours, Det. K. Nightlinger and an FBI detective came into the room to speak with Russell. They left the room after a brief conversation. At approximately 0330 hours they came back into the room and took custody of Russell and began their interview. Russell was still handcuffed when they took custody of him. I did not sit in on the interview. At approximately 0500 hours they came back with Russell, now having the handcuffs removed. They advised me to transport him back to the location of the scene, 15350 Amberly Dr. They stated he would be able to get his car and go to West Palm Beach to see his father. I transported him back to 15350 Amberly Dr. and arrived at the scene at approximately 0530 hours. I advised the officer on scene that I was told to bring him back so he could retrieve his vehicle and he was free to go. I stayed with him until approximately 0615 hours, Officer P. Franco then stayed with him and I was relieved. I did not go inside the crime scene or inside the apartment.

This concludes my involvement in this case.

Document: **INITIAL REPORT**
Author: **50922 - FLOYD, SHARDAE**
Related date/time: **May-19-2017 (Fri.)**

I, ROC Officer Shardae Floyd, am currently assigned to the Tampa Police Department Rapid Offender Control Squad #231 within the City of Tampa, Hillsborough County. On Friday, May 19, 2017 at approximately 1728 hours, a suspicious person call was voiced via C-Main radio frequency advising a white male last seen wearing a green shirt and black pants was walking around with a firearm inside of the Hamptons Apartments located at 15350 Amberly Drive. ROC Sergeant L. Miller, ROC Officer A. Trotta, ROC Officer A. Brunner and I immediately proceeded to the call from District II Office in Sergeant Miller's covert vehicle while ROC Officer C. LaFramboise, ROC Officer K. McCready, ROC Officer F. Ruedy and Officer A. Hiers responded in Officer LaFramboise's covert vehicle.

While enroute to the call, an update was provided via dispatch advising the Hamptons Apartments property manager, Monica Jones, [redacted] was traveling westbound on Amberly Drive towards the plaza. As we continued to respond to the said call, a suspicious person with life-threatening weapons call was voiced via C-Main radio frequency. Per CAD call, the complainant advised there was a blonde hair white male, last seen wearing a green shirt was armed with a gun by the Green Planet Smoke Shop (located at 15325 Amberly Drive) [redacted]

Upon arrival at the Green Planet Smoke Shop, I noted the listed suspect, Devon Shaun Ryan Arthurs (DOB 03/18/199), standing with Corporal Wilson handcuffed inside the said business. I observed multiple pieces of shattered glass on the floor of the business and a black semi-automatic handgun placed on the glass case located on the north side of the business. Sergeant Miller, Officer Trotta, Officer McCready, Officer Brunner and I, then cleared the rear of the business in search of possible hostages whom fled the Smoke Shop.

After clearing the rear of the business, we responded to the Hamptons Apartments specifically apartment 3722, building 37 to search for possible gunshot victims. Upon arrival, I noted a blue Dodge Nitro bearing Florida tag DSLU90 parked at a slant in the parking space directly in front of the front door of apartment 3722. The front of the vehicle was facing south with a slant towards the east. It should be noted the front door of apartment 3722 is facing north.

As ROC Officers and I positioned against the subject apartment to prepare for entry, loud screams could be heard from the interior of the apartment. A white male, whom was later identified as Brandon Clint Russell (DOB 07/01/1995) via military identification card, then ran outside of the apartment screaming hysterically. Russell was wearing a camoflauge military uniform. Russell failed to announce is name, presence nor reason for screaming/crying at which time I placed in him into handcuffs for safety purposes. Officer Trotta then took possession of Russell.

At approximately 1755 hours, Sergeant L. Miller, Officer LaFramboise, Officer Brunner, Officer McCready, Officer Hiers, and K-9/9 Bergman searched the said residence for safety and security at which time two deceased white male victims were located in the far west bedroom of the apartment. At approximately 1757 hours, the apartment was cleared for any additional suspects and victims with negative results.

At approximately 1800 hours, Sergeant L. Miller, Officer LaFramboise, and K-9/9 Bergman re-entered the apartment to search for bullets that may have made entry into adjacent apartments. At approximately 1810 hours, K-9/9 Bergman exited the apartment and Corporal Wilson entered the apartment to assist with a secondary security search at which time bomb construction materials were discovered. At approximately 1815 hours, all officers exited the apartment and a crime scene was established with crime scene tape.

I then assisted with the investigation by establishing a crime scene log (see attachment). It should be noted the Chief of Police, command staff, respective shift and bureau commanders were notified and responded to the scene.

This concludes my involvement in this investigation. Please see additional supplements for any omitted details as this is an on-going investigation.

Author: **47732 - SUSTEK, JOSEPH**
Subject: **DETECTIVE SUSTEK SUPPLEMENT**
Related date/time: **May-19-2017 (Fri.)**

05/19/17

At 1843 hours I arrived at 15350 Amberly Dr in reference to a death investigation. The name of the complex where the investigation was on going is the Hampton's Apartments. I entered the complex by turning north off of Amberly Dr then driving to the right in an eastern direction. I continued as far east as I could on the southern most road in the complex until I located the scene, which was taped off with yellow in color crime scene tape.

I exited my vehicle and made contact with CPL A. Wilson and SGT L. Miller, CPL Wilson stated that there was an individual named Devon Arthurs W/M 03-18-1999 who was in one police vehicle and another white male individual, whose name she did not know was in another patrol vehicle. I did not make contact with either one of these two individuals. CPL Wilson further indicated that there were two active scenes. One was at the apartment complex and the other was at a "smoke shop" in the shopping plaza that was just south of the complex off of Amberly DR.

I then spoke with SGT L. Miller and he indicated that he was one of the first officers on the scene when the two bodies were discovered and seemed to have most of the information that responding Homicide Detectives would need. SGT Miller showed me which apartment was involved location. We were standing to the north west of the target location and we had moved several hundred feet away under the over hang of another residence due to the rain that had moved into the area. SGT Miller pointed out the affected apartment and drew a quick sketch of the inside layout indicating where the two decedents were located along with firearms that were visible. I never did enter the scene as it had already been cleared and was secured awaiting homicide detectives and further clearance due to some suspicious items. The only item specifically mention was possibly a Geiger counter.

I had SGT Miller stay with me and once Detectives G. Sandel and K. Nightlinger arrived I briefly spoke with them and then they met with SGT Miller. A short time later I met with Detectives S. Puleo and S. McNiff who were and relayed the layout information of the apartment that SGT Miller had provided me. Detective McNiff asked if anyone from the property's management office was there or if they had been contacted. I walked to the far north east corner of the scene and observed some residents standing in an open garage. I spoke with them to see if they had a contact number for property management and a white female, who only identified herself as Gina to me stated she worked for the management company. I had Gina walk with me to the edge of the scene and had her wait by a patrol vehicle. I went and found Detective McNiff and brought him to where Gina was.

I then left the complex concluding my involvement.

Related date/time: **May-19-2017 (Fri.)**

On 05/19/17,I responded to the area of 15350 Amberly Dr to assist with a suspicious person call. Upon arrival I followed responding units into Hamptons Apartments to locate an apartment where several people may be hurt inside.

It was determined building 37 unit 3721 may be involved. As officers cleared the residence, I watched the front of the residence and exterior windows. Upon completion of the residence being cleared, I assisted in setting up a crime scene perimeter.

During the investigation I positioned my patrol vehicle next to Officer Thanasas' vehicle, where the suspect Devon Arthurs was being detained. I activated my in car camera system, and I placed the microphone in Officer Thanasas' vehicle. As I sat in Officer Thanasas' vehicle to place the microphone, Arthurs said hello. I stated "what's going on today," at which point he provided the listed spontaneous statement.

[redacted] Arthurs wanted to speak about politics and his involvement with the Islamic state.

After a brief time Arthurs was moved to my patrol vehicle with the in car camera system activated. [redacted]

I positioned my patrol vehicle on the perimeter of the crime scene until instructed to transport Arthurs to headquarters.

At 2023 hours, I transported Arthurs to Headquarters with Officer Brunner. Arthurs was transferred to a holding cell while waiting for investigators to conduct their interview. [redacted]

Arthurs was transfered to the detectives so an interview could be conducted.

No further action taken.

Document: **SUPPLEMENTAL**
Author: **42626 - LAFRAMBOISE, CHRIS**
Related date/time: **May-19-2017 (Fri.)**

I responded to the Green Parrot Smoke Shop on Amberly Dr, along with members of ROC Squad 231, in reference to a disturbance [redacted]

Upon arrival I observed Ofc. K. Thanasas and Cpl. J. Willick, who had the subject, who was making the threats, in custody. The subject was wearing a green shirt and dark pants. They placed the subject in Ofc. Thanasas's patrol vehicle. [redacted]

Ofc. Thanasas drove him across the street to the Hampton apartments(building 37/3722). [redacted]

As we drove up to building 37 apartment 3722, we observed a white male subject dressed in an Army uniform upset in front of the front door. Due to hysteria, the decision was made to check the residence.

The front door was unlocked and we made entry into the residence to check for any victims. We entered and secured the residence. As we were clearing the apartment, I entered the east bedroom where I observed two white male subjects deceased. Both appeared to have massive trauma to their heads which looked is if they were caused by a large caliber firearm. No life saving measures could be taken. One of the subjects on the south east corner of the room was on a small futon style couch. Lividity had set in the legs of the subject. The subject on the north east section of the bedroom was lying on the floor. He appeared to have a pistol tucked in his waist band on the right side of his body, commonly known as an appendix carry. We continued to walk through the apartment. In the living room, which was attached to the kitchen was a small table/stool. on top was a Quran. On the east wall of the living room was a small bookcase. The bookcase contained white supremacy and survivalist style books to include Mein Kampf and Poor Mans James Bond. On the floor was a magazine for a 7.62 rifle and it was loaded. I check underneath a sleeping bag next to the magazine for any victim's that might be raped up in it. Underneath the blanket was an AK-47 style rifle. As we continued to the west master bedroom I observed an unloaded 7.62 magazine on the bed. In the closet of the master bedroom was a black shotgun on top of a military style box. On

the second shelf I observed two Giger Counters, yellow in color. Next to the Giger counters were numerous batteries and what appeared to be match heads.

We found no other victim's in the apartment. We exited the residence.

I walked over to Ofc. Thanasas's vehicle to obtain the subject [redacted] Her patrol vehicle's rear door was opened and An officer was removing the subjects shoes. Ofc. Thanasas have me the name of Devon Arthurs and as she gave me his personal information, [redacted]

Det. K. Nightlinger responded to the scene and I briefed him on my involvement in the case.

No further action at this time.

I responded to 15350 Amberly and was asked to conduct a K9 EOD sweep of one of the victims vehicles by EOD personnel. I was directed to a blue Jeep Grand Cherokee with a Massachusetts tag number of 4AJ 793 that was parked to the south of building 37. I removed K9 Deebo from the Police car and gave him a search command. We went around the vehicle two times and K9 Deebo gave no abnormal indications. I conducted no interviews, collected no evidence and conducted no investigation.

Document: **SUPPLEMENTAL**
Author: **51741 - TROTTA, ANDREW**
Related date/time: **May-19-2017 (Fri.)**

On 5/19/2017 at approximately 1728hrs, ROC Squad 231 and I responded to the Hamptons Apartments located at 15350 Amberly Dr. in reference to a W/M walking around the complex with a firearm. Dispatch provided an update [redacted]

While responding, dispatch provided an update referencing a W/M inside of the Green Planet Smoke Shop with a firearm. Sgt. Miller, Ofc. Floyd, Ofc. Brunner and I responded to the smoke shop located at 15325 Amberly Dr. Upon arrival, I entered the shop and observed the defendant(Devin Athurs) being taken into custody.

One of the employees that was still inside advised that two customers had ran out the back door. I immediately began walking towards the rear of the store in attempt to locate any other suspects/victims. While walking to the back of the store, I observed broken items scattered on the floor and a black firearm placed on one of the glass displays.

I entered the back room and exited the store utilizing the back door. Once outside, I began to check the inside of vehicles that were parked behind the business. During this time, information was provided that the possible victims were still inside of apartment 3722.

Sgt. Miller, Ofc. Floyd, Ofc. Brunner and I responded to the apartment in attempt to locate the victims. Upon arrival, I could hear an unknown male screaming from inside. The screams appeared to be coming from upstairs. Before entry was made, a W/M wearing Army fatigues exited from the front door and immediately dropped to the ground. The subject continued to scream and began to stand up at which time, Ofc. Floyd placed the subject into handcuffs.

I then took custody of the subject who was identified by FL DL as Brandon Clint Russell DOB 7/1/95. I transported the subject away from the scene as units entered the residence. The subject could not complete full sentences and continued to scream "my roommates are dead, my roommates are dead." I escorted Russell to the back of a marked patrol vehicle.

Investigation revealed that two victims were located inside of the residence. The victims were determined to be deceased. I assisted with

securing the scene by putting up crime scene tape. During this time, possible explosive devices were located inside of the apartment. Ofc. McCready and I began evacuating building 36 and 37. I continued to maintain the perimeter until being relieved.

No further action was taken.

Document: **SUPPLEMENTAL**
Author: **42420 - PULEO, STEPHANIE D.**
Subject: **DET PULEO SUPPLEMENT**
Related date/time: **May-19-2017 (Fri.)**

5/19/17

On this date, I was assigned as a Detective to the TPD Homicide Squad.

At approx. 1805 hours, I was contacted by Det. G. Sandel by telephone. He requested that I respond to the scene of a double homicide in the Tampa Palms area and conduct the scene investigation. Det. Sandel advised that Det. McNiff would assist in the crime scene documentation and investigation. He advised me that a suspect was in custody. He also advised me that hazardous materials had been found at the scene of the homicide and that the TPD EOD team were on scene to clear the apartment. He advised that Det. Nightlinger would be the lead investigator.

I arrived on scene at approx. 1900 hours and was directed into the front entrance to the complex. I parked my car and observed the area around the apartment to be taped off with crime scene tape. There were numerous police personnel on scene. I met with Det. Nightlinger and Det. McNiff, along with Ofc. Laframboise. Ofc. Laframboise advised that he, with other members of the ROC squad responded to the Green Planet Smoke Shop to a disturbance call. The first two officers on scene had encountered the suspect, who had armed himself inside the store. Upon his arrival, the suspect had already been handcuffed. As they walked the suspect to a patrol car [redacted] The suspect was driven to the Hampton Apartments and directed them to Apt 3723. As he and other ROC members approached the residence, a white male in a military uniform was at the front door in hysterics. He advised that they made entry into the unlocked apartments. He advised that he saw two deceased males inside a bedroom of the apartment. He advised that one of the deceased persons had a gun in his waistband and both had traumatic injuries and were obviously deceased. He also saw books that appeared to be white supremacy literature, an AK47 style rifle, and a magazine in the living room. In a bedroom in the apartment, he also saw batteries, match heads and Geiger counters. Sgt. L. Miller advised that after exiting the apartment, he notified the shift commander and due to the possible hazardous materials in the apartment, the building was evacuated and the EOD team was contacted.

I observed that the EOD team was on scene and learned that they were in the beginning stages of clearing the apartment of any hazardous or bomb making materials.

I learned that the suspects name was Devon Arthurs, 3/18/99 and he had been transported to TPD HQ to be interviewed. I did not have any contact with him. A person identified as Brandon Russell, was sitting in a patrol car, handcuffed. I learned through Ofc. Laframboise, that Russell was a roommate of the suspect and victims. Russell had been at Reserve drills during the day. He had come home after the shooting, but prior to police arrival. Ofc. Laframboise advised that Russell said he had come home and laid down on a couch. He had seen Himmelman laying on the couch in the bedroom and assumed he was asleep. He had not seen Oneschuk.

Russell then heard the commotion downstairs and got up, then saw his roommates dead. Russell then ran out of the apartment and met with the police, where he was detained.
I met with Russell as he was in the patrol car, with Ofc. Balch. He was crying and in hysterics and could not speak. He asked what happened and I advised him that we were investigating to determine what happened. I asked him who his roommates were and he provided me with the names of Jeremy Himmelman and Andrew Oneschuck. He advised that they were from Massachusetts.

I noted that there was a blue Jeep Cherokee with a Massachusetts tag (4AJ793) parked in the parking lot near the apartment. I later conducted a registration check and learned it was registered to Walter Oneschuk, of 122 Kendrick Rd, Wakefield, MA 01880.

Det. Nightlinger met with Russell and learned that Russell had advised him that there were potentially dangerous items in the garage. Det. Nightlinger advised that the items were possibly thorium, potassium chlorate, rocket propellant and HTMD. He also advised EOD of these items. The EOD team advised that it potentially take hours before the apartment was cleared and deemed safe for entry.

Myself and Det. Mcniff then met with Gina Dasilva, a property manager for the complex, who lived on property. She provided us with the tenants name for 3723, as Brandon Russell and Molly Russell, who was the co-signer on the lease. She advised that the lease had been signed in March 2017. There were no other tenants listed on the lease. The phone number listed for Brandon Russell was 407-488-4834. She also emailed me a link to the complex website in order to obtain a layout of the apartment.

We then responded back to TPD HQ, where Det. McNiff authored a search warrant for the residence. I contacted the on duty judge and made arrangements to have the warrant signed. We then met with Judge C. Tharpe at his residence and the search warrant was signed at 2335 hours. I contacted Det. Nightlinger and advised him that we had a signed search warrant. He advised that he authorized the EOD team to enter the residence due to exigent circumstances/public safety exception.

At approx. 0040 hours on 5/20/17, we then responded the Green Planet Smoke Shop and met with the clerk on duty. He advised that he did not know how to download the video but allowed us to watch the video. I noted that the times on the camera appeared to be correct. I made the following observations: (times are approximate)
17:30 hours-the suspect enters the smoke shop and pulls a gun from the back of his waistband
17:37 hours-Cpl. Wallick enters the shop and shortly after, Ofc. Thanassis enters the shop. The female employee runs out the back and the two customers are allowed to leave out the back.
17:39 hours-the suspects puts the gun on the counter
17:42 hours- the suspects walks towards the front of the store away from the gun
17:44 hours- the patrol officers take the suspect into custody
17:45 hours-more officers arrive on scene
17:47 hours-the suspect is taken to a patrol car
I provided my contact information to the clerk to provide to the owner so that we could access and download the video. He advised the owner's name was Fadi.

We then responded back to TPD HQ to the Homicide Unit at approx. 0100 hours. Upon returning, Det. Nightlinger was in the process of interviewing the defendant in an interview room. There were several FBI agents present in squad area and were monitoring the interview. I did not monitor the interview. I did meet with Brandon Russell who had been sat in a conference room with an officer, waiting to be interviewed. At this time, he was not handcuffed and I explained that Det. Nightlinger would conduct his interview. I also explained that we were still investigating the circumstances concerning the death investigation.

At approx. 0450 hours, crime scene technician A. Kaufman contacted me by telephone and advised that EOD had completed their clearance of the apartment and requested that Detectives return to execute the search warrant. Myself and Det. McNiff and I returned to the complex. Prior to us entering, Brandon Russell had been released after his interview and had been transported back to the complex. He requested that he be allowed to obtain his keys and hat, so he could leave in his car. I had him sign a TPD 310, consent to search, for his vehicle, which was parked outside. He signed the form at 0545 hours. I requested the EOD units to search the vehicle, prior to releasing to him. There were no firearms or contraband in the vehicle. The consent was later placed into evidence on 5/25/17 at TPD HQ.

Det. Nightlinger accompanied EOD during a portion of the clearance and photographed items contained in the garage and apartment that were possibly hazardous/unsafe items.

At approx. 0615 hours, myself, Det. McNiff, Det. Sandel , and crime scene technicians A. Kaufman and A. Moore entered the apartment to conduct a walk-through of the scene. ID Tech. Kaufman first took overall photos of the exterior of the building. We entered the apartment through the garage door, which was already opened. There was an entry door from the garage into the apartment. This immediately opened into a stairway, which led us to the living area. I observed a living/family room at the top of the stairs and a kitchen to the left. I looked and saw a door leading to the balcony and another door leading to a bedroom to the right. We entered the bedroom to the left of the living area, which is where we located the two deceased persons.

I observed a greyish colored futon at the entrance to the bedroom. I observed a white male, whose upper body was laying on the couch. His lower legs were on the floor. I observed him to be wearing black shoes, black shorts with white stripes and a black tshirt. I observed there to be lividity in his lower legs. I observed a large wound to his right forehead. I could see blood and brain matter on the couch, floor and wall behind him. I also saw pieces of hair with skull fragments, embedded into the ceiling in the corner of the room. I observed a white phone between his right arm and body.

Against the wall, in the middle of the room, there was a mattress on the floor with a blanket and pillow. To the left of the mattress, I saw another deceased male on the floor. He was wearing tan pants, a white tshirt and black shoes. His right arm was extended to the side and above his body. His left arm was folded across his chest. He had a large wound to the right side of his head. There was a large amount of blood and brain matter around his head. There was a plastic drawer at his feet which had a box on top of it. There was a large amount of blood and appeared to be a swipe pattern. I observed a boxcutter between his legs. Det. Sandel was able to obtain a Massachusetts license with the name of Andrew Oneschuk. This photo on the license appeared to match the decedent. Det. Sandel removed the firearm that was in a holster on the right side of the decedent, in his waist.

The firearm was cleared of any ammunition and the firearm and magazine were placed on the mattress. On the wall of the bedroom, there was a large United States map. It had several holes or tears in the map, in which I observed what appeared to be skull pieces which had torn into the map and were embedded into the wall. There were large caliber shell casings in the bedroom that appeared to be from an assault style rifle.

We entered the bedroom to right of the stairway and observed suitcases on the floor with clothing. On the bed, there were two green military style ammunition boxes. Inside each of those, were numerous boxes of ammunition. There was also a laptop computer on the bed and a framed photo of Timothy McVeigh on the dresser. In the closet, there was other military style clothing as well as a shotgun. I also observed a military cap and a set of keys on the floor.

Throughout the apartment, I observed different flags in all the rooms. The only flag that I immediately recognized was a confederate flag in the bedroom where the decedents were. In the living room, there was also books that appeared to be neo-Nazi related, books related to terrorism

After the initial walk through, I requested ID Tech Kaufman to photograph B. Russell's vehicle, prior to releasing it to him. I had her photograph flyers which had the name Atomwaffen on it. There was also a swastika on the paper and statements about a race war. There was a second flyer with the name Atomwaffen, which had statements about suicide. I noted the tag on the vehicle was a Florida registration, bearing the tag number of "DSLU90". After the photographs, I obtained Russell's keys and hat and provided it to him. He was allowed to remove the vehicle and left the scene.

We then returned into the apartment and the crime scene technicians began to place marker numbers as I identified evidence. In the bathroom, there were two pieces of a projectile on the floor. There was also a strike mark inside the shower stall. Evidence markers were placed at the pieces of evidence and were photographed.

In the family room, I saw several pieces of electronics, as well as a Quran book. These items were marked and photographed. Under a purple sleeping bag, I observed a brown and black rifle as well as a magazine that appeared to match the rifle.

Myself and Det. McNiff made the decision to that I would conduct measurements in the bedroom where the decedent's were and Det. McNiff would take the measurements in the family room and other bedroom. Using a Bosch laser measurement tool, I took the measurements of evidence within the bathroom and bedroom. Later, using the floor plan provided by the apartment complex, I later completed a diagram with measurements and provided the same to Det. Nightlinger.

Dr. Rivers, from the Medical Examiners Office arrived on scene at 0730 hours and conducted her investigation. The decedent's were removed from the scene at 0810 hours by ME 5, Hamann and Denver and ME 6, Williams and Young.

I was present during the collection of the evidence. I noted that the rifle contained 1 round in the chamber, and there were 20 rounds in the magazine, which was collected on the floor by the rifle.

An inventory list of items seized were left with a copy of the search warrant.

I discussed with ID Technician A. Kaufman of not seizing the ammunition boxes from the bedroom, as they contained different rounds, not consistent with the firearms found. The boxes were initially not seized. Prior to securing the apartment, I decided that the items should be seized and I took possession of them.

At the completion of the search warrant, the apartment was secured by myself and Ofc. D. Walker.

5/23/17
At the request of Det. Nightlinger, the electronics seized in the search warrant were transferred to the FBI to SA M. Oravec. I was provided a receipt for property (FBI form FD597). I later turned this form into evidence.

5/24/17
On this date, I provided the serial numbers of all the firearms, as well as the crime scene diagram to ATF SA Christopher Wildt.

5/25/17
On this date, I submitted the two gun ammunition boxes from the bedroom, identified by evidence marker #30, into evidence.

Subject: **DET. G. SANDEL**
Related date/time: **May-19-2017 (Fri.)**

Supplement

On 5/19/17 @1800 hrs. I received a call from Lt. Schoolmeesters in reference to a double murder in the Tampa Palms area.
He advised me patrol had detained a possible suspect nearby and the address of the incident was 15350 Amberly Dr. inside the Hampton Apartments, building #37.
He additionally stated that the suspect was initially detained at the Green Planet Smoke Shop across the parking lot from the Hampton Apartments, armed with a pistol.

I then immediately called Detective Nightlinger, Det. Puleo, and Det. Mcniff.

I responded out to the scene and arrived @1850 hrs.
The area was marked with yellow crime scene tape and the building (#37) was to the rear of the complex.

*According to preliminary info, there was a possibility of bomb making materials inside the apartment.
The TPD Bomb team was activated prior to my arrival as was the FBI.

The suspect was detained in a patrol car just outside the scene.

Det. Nightlinger was already on scene.
He was the assigned lead detective.

Det. Puleo and Det. Mcniff were assigned the crime scene and any needed search warrants.

@1855 hrs. I called ASA Ron Gale to advise him of the call.

@2012 hrs. I called TPD dispatch and requested the 911 calls for Det. Nightlinger.

I responded back to 411 Franklin St. to pull info on suspect Devon Arthurs.

Arthurs had been transported from the scene to 411 Franklin and I requested CST Arnold take GSR.

@2122 hrs. I called MEO Inv. Jeff Morrell and gave him initial info on the victims and advised him it would be quite a while before entry due to a pending search warrant and clearance from the EOD.

5/20/17 @0124 hrs. I assisted Det. Nightlinger with a post Miranda taped interview of suspect Devon Arthurs in the MCB interview room.
Det. Nightlinger read Miranda from SAO #310

[redacted]

See taped interview.

@0600 hrs. I responded back to the scene for the search warrant.

Det. Puleo and Det. Mcniff searched the apartment for evidence.

There were several firearms located in the apartment.
See CST supplement for firearm info.

I gave firearm info to ATF agent Deslauriers on scene for their investigation.

Both victims had obvious gun shot wounds to the head.

@0624 hrs. I called the MEO to advise them the search warrant was approved and the victims could be recovered.
I then left the scene after all the evidence was marked for collection.

5/22/17 @1100 hrs. I responded to the Hampton Apartments with FIU Nicholson to attempt to copy the security video.
We met with property Manager Monica Jones.
The video was approximately 45 minutes off the actual time.
*Per the timer, 4:38pm to 4:46pm captures the suspect inside.
The video was copied and given to Det. Nightlinger later.

@1215 hrs. We then responded to the Green Planet Smoke Shop on Amberly Dr. across from the Hampton Apartments and FIU Nicholson copied video of the suspect after the murder, inside the shop threatening an employee and several customers.
The employee present at this time was Gavin Leyrer.
*This camera showed the suspect enter the business and stay inside armed with a black pistol until police arrived.
This footage was copied and later given to Det. Nightlinger.

5/23/17 @1300 hrs. I responded to Busch Gardens with Det. Nightlinger to interview witness Amanda Hunter 2/10/89.

[redacted]

She later observed the w/m suspect on tv during a news show.
She stated that the person shown on tv arrested for the murder is the same as the person she witnessed the day
[redacted]
See taped interview.

Afterwards we responded back to the Hampton Apartments and Det. Nightlinger conducted a voluntary taped interview with witness Johnny Acevedo 7/19/60
[redacted]
See taped interview.

5/25/17 @1035 hrs. I met Det. Nightlinger at 19205 Pelican Ridge Ln. in Tampa to interview victim Diana Quatamesh (smoke shop clerk).

See taped interview.

@1341 We responded to 47th/ Hillsborough and met with victim Jonathan Martin 5/15/94 at his job to conduct a sworn taped interview.
Martin stated that he walked in to the store on 5/19/17 and was asked to sit down by the (armed) w/m suspect.
During the incident the suspect spoke about U.S. bombing raids on kids and asked for a Coke to drink.
Martin opened the Coke for the w/m suspect.
Martin observed the suspect on tv the next day and stated its the same person.
See taped interview.

6/5/17 @0830 hrs. I drove Det. Nightlinger to the Orlando area (7433 Colonial Dr.) and met with Devon Arthurs father in an I-HOP parking lot.
This sworn taped interview was voluntary.
During the interview, Mr. Arthurs provided his number as (407) 756-3734 and his son Devon's as (407) 721-1449.
See taped interview.

Document: **INVEST REPORT**
Author: **20767 - NIGHTLINGER, KENNETH**
Subject: **NIGHTLINGER LATENT INV.**
Related date/time: **May-19-2017 (Fri.)**

May 19, 2017

On this date, I had been assigned as a police detective with the Tampa Police Homicide Squad. At approximately 1802 hours, Tampa Police Homicide Detective Gary Sandel phoned me and requested that I respond to investigate a homicide. [redacted] I was provided the location of occurrence as behind the Peabody's business (15333 Amberly Drive), in the Tampa Palms neighborhood of Tampa.

At approximately 1845 hours, I arrived in the 15000 block of Amberly Drive. Tampa Police Officers Gerard Colucci and Chester Holden directed me into The Hamptons at Tampa Palms apartment complex (15350 Amberly Drive). The main entrance to the complex was located off Amberly Drive; however, it is to be noted that the roadway within the complex is a tributary roadway and shares the Amberly Drive name. I traveled south/southeast through the complex until reaching an area cordoned off with crime scene boundary tape, uniformed and plain-clothes Tampa Police officers, Tampa Fire Department personnel, and marked police vehicles. I noted that the area, which had been cordoned off, included building 37 and its surrounding area up to an approximate 300-foot diameter perimeter.

At approximately 1855 hours, outside the designated crime scene boundary, Tampa Police Officer Katie Thanasas provided me with an account of the circumstances, which led to her initiating an investigation at the present location. From Officer Thanasas' brief, I learned the following:

- Officer Thanasas was dispatched to the Green Planet Smoke Shop (15325 Amberly Drive), along with Tampa Police Corporal Jacqueline Wallick.
- The call for service pertained to a suspicious person, [redacted]
- Officer Thanasas arrived at the shop, after Corporal Wallick.
- Inside the shop, Corporal Wallick and Officer Thanasas encountered a male, who was armed with a handgun.
- There were three others -employees/customers- in the shop, whom the armed suspect held against their will.
- Corporal Wallick engaged the armed male in dialogue, ultimately convincing him to allow the other persons to leave the store and put down his gun.
- Officer Thanasas took the male into custody and handcuffed him.
- Officer Thanasas identified the male to be Devon Shaun Ryan Arthurs (w/m 3-18-99), who first identified himself to Officer Thanasas as "Collid."

[redacted]

- Arthurs directed Officer Thanasas to apartment-3723 inside The Hamptons of Tampa Palms.

Refer to Officer Thanasas's supplemental report for further details.

At approximately 1903 hours, I entered into the designated crime scene's northeast boundary. Tampa Police Officer Shardae Floyd was responsible for the boundary's crime scene log, and I provided her with my name, before entering. Refer to Officer Floyd's supplemental report for further details.

At approximately 1905 hours, Tampa Police Officer Chris LaFramboise provided me with further information. From Officer La Framboise, I had learned the following:

- He and other Tampa Police officers responded to the Green Planet Smoke Shop to assist Corporal Wallick and Officer Thanasas.
- All followed Officer Thanasas to apartment-3723.
- Officer LaFramboise had been among the officers who entered the apartment in the interest of locating and treating injured persons.
- They located in a bedroom two white males, who were obviously deceased as a result of what was described to be fatal gunshot wounds.
- Officer LaFramboise described seeing an "AK-47 style assault rifle" on the floor in the living room area, along with live ammunition in other parts of the residence.
- Officer LaFramboise described seeing suspected "bomb-making materials."
- [redacted]

Refer to Officer LaFramboise's supplemental report for further details.

After Officer LaFramboise's brief, I met with Tampa Police Sergeant Lesley Miller. From Sergeant Miller, I had learned the following:

- Sergeant Miller had responded to the smoke shop to assist Corporal Wallick and Officer Thanasas.
- Sergeant Miller followed Officer Thanasas to apartment-3723.
- Sergeant Miller described seeing, as he approached the residence, a white male exit the residence.
- Sergeant Miller described the male as being dressed in a military uniform, and he appeared visibly distraught.
- The male was taken into police custody pending their further investigation of the residence.
- That male was handcuffed and seated in an on-scene marked Tampa Police vehicle.

- Sergeant Miller described observing inside the residence two white male gunshot victims, along with firearms, ammunition, and suspected bomb-making materials.
- Sergeant Miller described seeing neo-Nazi and white supremacist materials.
- Once having cleared the residence of any additional persons, Sergeant Miller led officers from the residence.
- Pursuant to exiting the residence, Sergeant Miller orchestrated the evacuation of nearby residences.

Refer to Sergeant Miller's supplemental report for further details.

Next, I met with Tampa Police Corporal Robert Clifford, who had responded as a member of the Tampa Police Bomb Team member. Corporal Clifford, prior to my arrival, had been made aware of the existence of potential explosive materials inside the residence. After a short conference, I had learned that Corporal Clifford was also awaiting the arrival of an Explosive Ordnance Disposal (E.O.D.) Team member from the F.B.I., for the purposes of assisting with any explosives identification and / or removal.

At approximately 1915 hours, I met with Brandon Russell (w/m 7-1-95). Russell had been seated handcuffed in Tampa Police Officer Brian Balch's marked police vehicle. Russell had been identified to me as the aforementioned subject who emerged from apartment-3723, upon initial police arrival. I introduced myself to Russell and expressed my interest in speaking with him at Police Headquarters, to which Russell consented. I noted Russell was visibly upset, and he inquired as to what occurred. Russell explained the following:

- Russell was in the National Guard and had returned to his apartment from duty.
- He had seen his friend, "Jeremy Himmelman," dead in the apartment, before exiting his apartment to the police presence.

I advised Russell [redacted] where it was discovered inside two dead bodies. Russell had previously identified Jeremy Himmelman, so I asked as to the possible identity of the other. Russell was notably surprised as to the information regarding a second victim. He explained that there were two other males who shared the apartment with him and Jeremy. Russell identified the two others as "Devon Arthurs" and "Andrew Oneschuck."

I then explained to Russell that the investigation was delayed due to suspicious items, which had been observed inside the apartment. I further relayed to him the immediate concern for the safety of the investigating law enforcement personnel and nearby residents, as the result of any potential explosive materials. To which, Russell assured me that the items belonged to him and were only for fueling rockets. Russell advised that there were chemicals stored in the garage, which consisted of solid rocket fuel, potassium chlorate, HMTD, and thorium. I advised Russell that I was going to relay that information to the on-scene Explosive Ordnance Disposal (E.O.D.) personnel, as I had no familiarity with the aforementioned chemicals.

It is to be noted that Russell requested that I not leave him, and asked if he was ever going to see his family, again. I provided Russell with a bottle of water and requested that Officer Balch, if without objection, adjust Russell's handcuffs to in front of his person. Russell again asked about ever seeing his family, "because it looked bad." I confirmed with Russell that he was referencing the suspicious materials, and I offered him assurance that we would investigate the matter before reaching any conclusions.

I left Russell seated in Officer Balch's marked police vehicle, with the door open and Officer Balch standing outside the door. I met with Corporal Clifford, as well as Tampa Fire personnel, and I relayed to them the materials, which Russell had identified as being inside the apartment's garage. Shortly thereafter, Special Agent Bomb Technician Chris Franck, of the F.B.I., arrived. I relayed Russell's information to S.A.B.T. Franck. Agent Franck advised me of the immediate danger concerning HMTD (hexamethylene triperoxide diamine). It was described to me to be an unstable compound with no practical use beyond its use as an explosive.

Pursuant to S.A.B.T. Franck's assessment, I believed exigency existed. Therefore, in the interest of public safety, I requested that S.A.B.T. Franck and Tampa Police Bomb Team members enter into the residence with the purpose of locating any and all potentially unstable explosives and / or related hazardous materials, and rendering the residence safe for further investigation.

While awaiting the E.O.D. Team members' preparation for entry, I requested that Arthurs be transported to Police Headquarters for a potential interview. After Russell consented to providing me with a statement, I requested that he also be transported to Police Headquarters for additional questioning. I then phoned Assistant State's Attorney Ron Gale and briefed him of the investigation's progress.

At approximately 2030 hours, I was introduced to Monica Jones (w/f 12-11-86), who identified herself to me as one of the property managers for The Hamptons of Tampa Palms. Jones had advised that she was a [redacted] and she agreed to provide a sworn audio-recorded statement. The following is a representative summary of Ms. Jones's statements made to me:

- Jones had been in the leasing office when a white male entered and spoke to two of the property's maintenance technicians, Johnny and Ernesto.
- [redacted]
- Jones followed the suspect out of the office and toward Peabody's, which was across Amberly Drive from the entrance of the apartment complex.
- Jones thought that the suspect walked into the Green Smoke Shop; although, Jones referred to her vision being poor, causing uncertainty.
- Jones described the male grabbing for the back of his pants while walking.
- In conjunction with the male's statements, Jones believed the male may have had a gun.
- [redacted] phoned 9-1-1 and reported the incident to police; [redacted] updated the 9-1-1 call-taker with the suspect's location

- Jones did not recognize the male, and she described him as follows: short, "clean-cut guy," short brown hair, light beard growth on his face, and wore a green Polo shirt with navy or black pants.
- Brandon Russell was the only person on the lease, and that he had moved in only recently.
- Russell's grandmother had co-signed, but there was no one else that was approved to be residing there.
- Russell had visited the leasing office, recently, and he requested additional remote controls for access to the complex, citing additional roommates.
- Jones had provided Russell with applications for the additional occupants, but he not yet returned the applications.
- Jones had also recently seen Russell around the complex, in the company of two other white males of a similar age; however, Jones did not recognize the males.
- Jones had seen Russell drive into the complex, after Jones phoned 9-1-1, and before law enforcement entered into the complex.
- Jones noted that Russell had been driving his blue truck and wearing his military uniform.

The entirety of Ms. Jones' statement is available in the form of an audio recording made part of the Versadex report, as well as retained in my case file.

It was approximately 2100 hours when S.A.B.T. Franck, Corporal Clifford, and Tampa Police Officer Jason Ward (Tampa Bomb Squad member), entered the residence for the purpose of clearing any existing threat. Agent Franck led the entry and subsequent search for hazardous materials, and he was requested that I accompany them.

We entered the residence through its unlocked front door. The apartment residence is a split-level dwelling, with its front door (entrance) facing north. Attached to the apartment residence on the ground-level and east of the front entrance was a single-car garage; its garage door was closed. The front door led inside to a ground level entryway. The entryway was at the base of a stairwell, which led up to the second level.

On the floor of the entryway was a duffel bag. The bag was breached and inside the duffel bag were located materials, which, as I was advised, were identified to be consistent with the manufacturing of explosives. The materials were deemed safe as found; therefore, the bag and its contents remained in place. Next, we entered into the garage from the front entryway, through a closed unlocked door. Inside was located a portable cooler, and upon the E.O.D. Team's inspection of the cooler, it was determined to be of special concern and a potential serious threat. The aforementioned cooler was then, as I was advised, to be extracted at a later time in a manner consistent with such a safe removal. The cooler was left in place as found.

Also of note, as I was advised, in the garage there were located additional inert materials, which were also consistent with the manufacturing of explosives. Those items, as I was advised, included the potassium chlorate and thorium (radioactive element), which as Russell earlier stated, we were to expect, as well as ammonium nitrate. Those materials were left in the garage, before we progressed through the residence.

Next, we ascended the stairwell to the second level. The top of the stairs opened to a living room area. The room was cleared of any apparent immediate explosives danger, before moving to the two bedrooms.

The north/northeast (master) was then cleared of any apparent immediate explosives danger; several bags were breached and removed from the room's closet during the search. As I was advised, there were located some materials which were consistent with the manufacturing of explosives.

In the south/southwest bedroom were the two victims. Both appeared to be adult white males and each appeared to have sustained mortal wounds to his head. One male, whom Russell had earlier described to be Jeremy Himmelman, was on a sofa. The sofa was located just inside the entrance to the room, on the north wall. The second victim was supine on the floor at the south end of the room. The second victim's body had to be manipulated slightly to accomplish access to the bedroom's closet. I had photographed the victim's position, prior to his body being moved. I had also noticed what appeared to be a handgun in a concealed holster, which was inside the -right side- waistband of the victim's pants. The closet was cleared of any apparent immediate explosives danger. As I was advised, there were located materials which were consistent with the manufacturing of explosives.

It is to be further noted that I observed apparent human blood and tissue in the south/southwest bedroom. The location of said blood and tissue appeared consistent with the victims having received fatal high velocity impact injuries, in the immediate area of each's present location. Additionally, I had observed fired cartridge casings on the floor, as well as apparent impact strikes to the bedroom's west wall. The fired casings appeared to be large caliber casings. I had not observed any apparent evidence of gunfire or blood loss anywhere else in the apartment.

Once the E.O.D. Team was satisfied with the scope of the safety clearance, we exited the apartment. Agent Franck and the Tampa Police Bomb Team members then coordinated a plan to safely remove the still-existing exigent threat, which had been identified in the garage. Pursuant to which, I had been informed that the specific method and care to be used in the threat's removal would not render the residence safe for latent investigation until several hours later.

I then departed the scene to meet with Arthurs and Russell at Police Headquarters. Prior to which, I had coordinated the matters of the crime scene investigation with Tampa Police Homicide Detectives Stephanie Puleo and Shaun McNiff. As I had been advised, Detective McNiff had authored a search warrant application for the residence, and the warrant was granted. Pursuant to the E.O.D. clearance, Detectives Puleo and McNiff would execute the search warrant and investigate the scene. Refer to their supplemental documentation for further details.

(May 20, 2017)

I arrived at Police Headquarters, in the Homicide Squad office and, there, I conferred with Tampa Police Homicide Sergeant Gregory Van Heyst, Detective Gary Sandel, and A.S.A Ron Gale; F.B.I. Agent Matt Oravec

was also present. Detective Sandel would assist me with Devon Arthurs' interview. Assistant State Attorney Gale, Detective Sergeant Van Heyst, and Agent Oravec monitored, via remote computer access. Tampa Police Officers Alan Brunner and Bradley Krygier had custody of Arthurs, in the Major Crimes Bureau detention cell. At approximately 0130 hours, I introduced myself to Arthurs and escorted Arthurs to an interview room.

I read Arthurs his Miranda rights from Tampa Police Form 310. Arthurs stated that he understood his rights as read to him, and he further acknowledged his understanding by initialing and signing said form. The following is a representative summary of Arthurs' statements made to Detective Gary Sandel and me, during our interview:

- Arthurs is not under the influence of any narcotics, prescribed or otherwise, nor is he under the influence of alcohol.
- Arthurs has not been diagnosed with any disability, but does believe he is in need of psychiatric help.
- He dropped out of high school in the 10th grade, but can read and write the English language.
- [redacted]
- He did not wake up with intention of harming anyone.
- He doesn't feel like a monster, but doesn't feel sane.
- [redacted]
- Most of that day, Arthurs had been involved in an encrypted conversation -"Wire Chat"- with members of Atomwaffen, and he was being ridiculed for his faith; it was making him angry.
- Arthurs' computer was in the living room, where he described his living space; Arthurs' computer is what he was using to communicate in the Wire Chat room.
- Atomwaffen was a neo-Nazi organization, which was created by Brandon Russell, and of which Arthurs was a senior member.
- Jeremy and Andrew were also members of Atomwaffen; all four of them originally met online.
- Arthurs was 14 years old when he became part of the neo-Nazi organization.
- Arthurs converted to Islam when he was 17 years old.
- He is sympathetic to ISIS.
- He moved in with Brandon when Brandon rented the apartment; Jeremy and Andrew moved in with them, a couple of weeks ago.
- [redacted]

[redacted]

- Arthurs offered sympathy for Jeremy and Andrew's family.

[redacted]

- He stated that there were materials in the apartment meant for manufacturing explosives, along with radioactive materials.
- Brandon has the explosives knowledge.

[redacted]

- He said that there were 60-70 members of Atomwaffen, nationwide.
- Russell trained the three of them in paramilitary operations, in the Ocala National Forest.

[redacted]

- [redacted] He provided his own phone number to be: 407-721-1449.
- Arthurs provided his mother's phone number to be: 407-405-3477

[redacted]

At the conclusion of his interview, I escorted Arthurs back to the detention cell. Arthurs' interview in its entirety was video / audio recorded. Copies of the recordings were downloaded to a DVD for evidence entry, as well as downloaded to my electronic case file. It is to be noted, also, that statements Arthurs' made to the custodial officers, while Arthurs was in the detention cell prior to our interview, were audio recorded. [redacted]

At approximately 0345 hours, Brandon Russell provided me with a sworn statement. Agent Oravec of the F.B.I. assisted with the investigation. It had been decided, due to a potential separate criminal investigation pertaining to the suspicious materials located inside Russell's residence, that I would read Russell his Miranda rights. I did so from Tampa Police Form 310, to which Russell acknowledged understanding verbally and with his initials on said form. However, after conferring with A.S.A. Gale, it was agreed that there existed no violation of state statutes known then to charge Russell with a crime. Additionally, Agent Oravec did not intend to arrest Russell. The following is a representative summary of Russell's statement regarding the murder investigation:

- Russell was in the U.S. Army National Guard and has been for approximately a year.
- Russell had completed approximately three years at U.S.F., studying nuclear physics.
- Russell was not under the influence of alcohol or narcotics.
- He first met Devon Arthurs, online.
- Russell met Devon in person, while both lived in Orlando; they were "like the best of friends."
- Devon moved in with Jeremy when Russell leased his current apartment.
- Russell met Jeremy through a mutual friend, whom Russell knew in the Bahamas.
- He met Andrew through Jeremy.
- Jeremy and Andrew moved down from Massachusetts to live with Russell and Devon. They had all been friends.
- All four considered themselves, National Socialists.
- He and Devon created Atomwaffen (Nuclear weapons) as a club, a few years ago.
- Jeremy and Andrew became members of the club.
- Devon had recently changed his perspective and become a Muslim.
- Jeremy and Andrew's beliefs remained in line with Russell, in opposition to Devon's.

- There had been arguments between Jeremy and Andrew and Devon, regarding their theological differences.
- Russell referred to the arguments as "banter", "quarrels," and [ball-busting].
- There had not been any physical confrontations between any of them. They remained friends.
- Russell described Jeremy and Andrew as bullying Devon on occasion.
- Russell wasn't home all day, because he was at National Guard drill.
- He didn't witness what had occurred inside the apartment, before arriving home.
- His phone had been dead since about 2 p.m., and he had not communicated with his before coming home.
- He last spoke with Jeremy at approximately 1 p.m., and Jeremy said that he was going to take a nap.
- When he arrived home, Russell went upstairs and was going to lay down on the couch (he described an orange couch).
- Russell moved the AK-47 rifle from the couch to the floor, before laying down; the AK-47 on the couch was not unusual.
- He had seen Jeremy on a couch, inside his room, but thought Jeremy was asleep.
- Russell heard noises outside and looked out a window to see the police.
- He went in to tell Jeremy about the police outside and saw Jeremy's face was "blown off."
- After seeing Jeremy, Russell ran outside screaming to awaiting police; he never saw Andrew or Devon in the apartment.
- Russell owns the shotgun, Glock 17, and the W.A.S.R. 10, which were inside his apartment.
- Andrew owned an H&K pistol; Andrew keeps it on a plastic dresser in the corner of his room.
- All of them had previously shot guns together at a range.
- Russell collected Thorium from gas lanterns and smoke detectors; the amount of radioactive material was harmless and legally obtained from ebay.
- Russell made the HMTD to boost rockets.
- He made the HMTD approximately one year ago and it has degraded.
- He kept it in a cooler.
- He purchased the materials to make the HMTD, using Amazon.

Russell's interview, in its entirety, was video / audio recorded. Copies of the recordings were downloaded to a DVD for evidence entry, as well as downloaded to my electronic case file.

At the conclusion of the interview, and at Russell's request, law enforcement provided him with a ride back to his apartment.

Pursuant to conferring with A.S.A. Gale regarding the probable cause and appropriate criminal charges, I completed a Criminal Report Affidavit charging Devon Arthurs with first degree murder, et al. Tampa Police forensic technician, Tangela Williams, at my direction, photographed Devon Arthurs before collecting his clothing as evidence. Arthurs was provided disposable coveralls. Tampa Police Officer Matthew Graham transported Arthurs to Central Booking.

At approximately 0830 hours, I returned to The Hamptons of Tampa Palms. Detectives Puleo and McNiff were completing their investigation of the apartment. Refer to the corresponding supplemental reports and / or crime scene diagrams. I entered into the apartment and conferred with Detective Puleo. An AK-47 style rifle was on the floor in the living room area, which Detective Puleo advised had been underneath a sleeping bag. The weapon was without its magazine; however a magazine loaded with twenty (20) rounds was nearby. The rifle had been cleared of one chambered round before being collected as evidence. Detective Puleo further informed me that their investigation revealed that all evidence of violence appeared to be confined to the victims' bedroom.

The victims had been removed from the apartment, prior to my arrival, and transported to the Hillsborough Medical Examiner's Office for the respective autopsies. Tampa Police Homicide Detective Mark Seckley would attend. Refer to Detective Seckley's supplemental report.

At approximately 0930 hours, inside the apartment, I briefed F.B.I. Special Agent Timothy Swanson and F.B.I. Task Force Officer Mike Hunt. Agent Swanson would lead the subsequent investigation regarding any existing national security concerns. At approximately 1130 hours, I departed the scene. It is to be noted that prior to my departure from the scene, S.A. Swanson informed me that Federal criminal charges were forthcoming for Russell.

Between 1200 hours and 1400 hours, I had attempted to reach the next of kin for both Oneschuk and Himmelman. There had been no confirmation on the identifications for the two victims. However, Massachusetts identification cards in the names of Oneschuk and Himmelman, which had been located inside the apartment, were apparent matches to the decedents.

At 1700 hours, Lisa Himmelman phoned me. Ms. Himmelman identified herself as Jeremy's mother. After explaining the circumstances of my investigation, Ms. Himmelman provided me with the following:

- Jeremy was "into guns" and she was worried.
- Jeremy recently moved to Tampa with Andrew Oneschuk.
- Jeremy had visited a few months prior to the move.
- Andrew had planned on moving back to MA.

May 21, 2017

In the morning of this date, I had received a phone call from Walter Oneschuk. Mr. Oneschuk identified himself as Andrew's father and advised that local law enforcement notified him of Andrew's death. Mr. Oneschuk would be making arrangements to fly to Tampa and meet with me.

It is to be noted that on this date I had been made aware of Russell's arrest; there had been an active Federal warrant for his arrest.

May 22, 2017

At 1152 hours on this date, Tampa Police Latent Fingerprint Specialist Thomas Gonzalez provided me with confirmation regarding the victim's identities. The fingerprints for the victims matched those of Jeremy Himmelman and Andrew Oneschuk.

At Police Headquarters, I met with Walter Oneschuk. From our conversation, I had learned the following:

- Andrew met Jeremy, Devon, and Brandon online, approximately a year ago.
- They had all met in online neo-Nazi chat rooms.
- Andrew had driven down with Jeremy to stay with Brandon.
- Andrew had intentions on returning home, the following week.
- Andrew originally intended on staying in Tampa for the summer, before entering the Navy.

May 23, 2017

In the morning of this date I request that Detective Puleo facilitate the release of specific digital evidence to the F.B.I. for forensic investigation. Refer to Detective Puleo's supplemental report. I had previously coordinated with S.A. Swanson regarding the aforementioned release.

At approximately 1255 hours, Amanda Hunter provided me with a sworn audio recorded statement. This occurred at Ms. Hunter's place of employment, 3605 East Bougainvillea Avenue, Tampa, and Detective Sandel was present. [redacted] the Hamptons of Tampa Palms leasing office. The following is a representative summary of Ms. Hunter's statements:

- On Friday, May 19, she was inside the leasing office, after she had gotten off work.
- Hunter was a resident of the Hamptons of Tampa Palms.
- Hunter estimated the time to be after 1725 hours.
- She was there for approximately five minutes when the unknown w/m suspect walked in.
- [redacted]
- After speaking to Hunter, the suspect spoke to maintenance employees, before walking out of the office.
- She watched the suspect walk toward a strip plaza across the street from the apartment complex.
- The maintenance employees followed the suspect.
- The property manager [redacted] called 9-1-1, and Hunter provided the suspect's description to the operator.

- Hunter described the suspect as: 5'6-5'7, late teens-early 20's, thin build, brown/blond hair, clean-shaven and wearing a green polo.
- Hunter identified the suspect as the same person who was arrested and whom she had since seen on various media outlets -Devon Arthurs.

Refer to the audio recorded statement for Amanda Hunter's interview, in its entirety. It has been downloaded to the Versadex report as a Windows Media Audio (WMA) file, as well as maintained in my electronic case file.

At approximately 1330 hours, Johnny Acevedo provided me with a sworn audio-recorded statement. This occurred at Mr. Acevedo's place of employment, The Hamptons of Tampa Palms, and Detective Sandel was present. Mr. Acevedo had previously been identified as a maintenance employee who was present in the leasing office when Arthurs made his admissions. The following is a representative summary of Mr. Acevedo's statements:

[redacted]

- Acevedo was working at the time and happened to be inside the leasing office of the Hamptons of Tampa Palms.
- Acevedo watched the same w/m suspect walk toward a smoke shop across the street from the apartment complex.
- The property manager, Monica Jones, followed the suspect and called the police.
- Acevedo described the suspect as: short, 17-18 years old, brown hair, wearing a green shirt and beige pants.
- Acevedo identified the suspect as the same person who was arrested and whom he had since seen on various media outlets -Devon Arthurs.

Refer to the audio recorded statement for Johnny Acevedo's interview, in its entirety. It has been downloaded to the Versadex report as a Windows Media Audio (WMA) file, as well as maintained in my electronic case file.

May 24, 2017

On this date, at approximately 1110 hours, I had received a phone call from Kianna Kaizer. Kaizer identified herself to me as Jeremy Himmelman's girlfriend, who lived in Massachusetts. The following is representative summary of Ms. Kaizer's statements:

- She'd dated Jeremy for the past 9 months.
- Jeremy moved down to FL for an opportunity to live on his own.
- Brandon offered free lodging at a nice place.

- Jeremy said that Andrew hated it, there, because of the manner in which Brandon and Devon treated -wiped their feet- an American flag in their apartment.
- Andrew wanted go back to MA with Jeremy.
- Jeremy described the situation as Andrew / Jeremy versus Brandon / Devon.
- Andrew was planning to join the Navy; he was hardly in the apartment, between running and work.
- Jeremy came to FL in January, after a dispute with his mother; the dispute had been regarding living arrangements with Jeremy's sister at a place owned by their mother.
- Jeremy never liked Devon.
- Jeremy met Brandon in a neo-Nazi online chatroom, "Atomwaffen"; Brandon dubbed himself, "Odin."
- Jeremy put racist stickers on local college campuses as the extent of his involvement with the Atomwaffen movement.
- Brandon and Devon drove up to MA in the fall of 2016, where they all met in person for the first time.
- Brandon and Devon stayed with Jeremy in his apartment.
- While all of them were together, rock-climbing, she heard Devon reference praying to Mecca.
- Jeremy told her that Brandon recruited Devon and others to join Atomwaffen on "Tinychat."
- Jeremy told her that Brandon regularly bought guns on the street from people selling them online; Jeremy thought it was cool to be able to do that in FL.
- On May 19, at about 5 p.m., she and Jeremy were texting one another.
- She had requested that Jeremy Facetime her, but he told her that he couldn't because Andrew and Devon were around; he mentioned no problem.

Ms. Kaizer described Jeremy Himmelman's phone to be an Apple I-phone 6, rose/gold in color, with a cracked screen. She provided his phone number to be 508-801-7780. Ms. Kaizer would provide me screenshots from her phone of the May 19 text conversation with Himmelman. The aforementioned screenshots were downloaded to the Versadex report as a JPG. files, 'TEXT CONVERSATION BTW HIMMELMAN AND GIRLFRIEND', and 'TEXT CONVERSATION BTW HIMMELMAN AND GIRLFRIEND2'. Copies of the screenshots were also maintained in my electronic case file.

May 25, 2017

At approximately 1021 hours, Diana Qatamesh provided me with a sworn audio-recorded statement. This occurred at Ms. Qatamesh's residence, 19205 Pelican Ridge Lane, Tampa; Detective Sandel was present for a portion of the statement. Ms. Qatamesh had previously been identified as a victim inside in the Green Planet Smoke Shop. The following is a representative summary of Ms. Qatamesh's statements:

- She had volunteered to help the owner -family- so that he could attend a graduation.

- At about 5 p.m., she was putting away items from the arrival of a recent shipment.
- A customer came in -she identified a FL driver's license photo of Ma'Lik Davis- to purchase something.
- The suspect came in armed with a handgun.
- [redacted]
- Qatamesh lay down on the flood behind the glass display counter.
- [redacted]
- She heard Davis answer the suspect and say that Davis was about to graduate from high school.
- [redacted]
- She heard another person enter the store, and the suspect ordered that person to the ground.
- The suspect said that he was Muslim and became agitated when Qatamesh told the suspect that she was also Muslim.
- The suspect broke items in the store and she thought that the suspect was going to kill her.
- She heard the suspect tell Davis to get the suspect a Coke from the cooler.
- Qatamesh heard two females -she now knows that they were police officers- enter the store and order the suspect to put down his gun.
- When she thought the suspect was distracted, Qatamesh escaped out the back door of the business.
- Qatamesh went to a nearby dry-cleaners business and asked an employee to call the police.
- Qatamesh described the suspect as: 20 years old (oldest), medium length blonde hair (long bangs), wearing a green short sleeve t-shirt.
- She recognized the internet media photographs of the arrested person -Arthurs- to be the armed suspect from the smoke shop.

Refer to the audio recorded statement for Diana Qatamesh's interview, in its entirety. It has been downloaded to the Versadex report as a Windows Media Audio (WMA) file, as well as maintained in my electronic case file.

At approximately 1340 hours, Jonathan Martin provided me with a sworn audio-recorded statement. This occurred at Mr. Martin's place of employment, 4504 East Hillsborough Avenue, Tampa; Detective Sandel was present. [redacted] had previously been identified as a victim inside in the Green Planet Smoke Shop. The following is a representative summary of Mr. Martin's statements:

- He had stopped by the smoke shop on his way home from work.
- The suspect was standing at the counter when Martin entered the store.
- Martin saw somone -identified Ma'Lik Davis's FL driver's license- sitting on the floor.
- [redacted]
- Martin assumed it was a robbery.
- The suspect was going on a tangent about "your country's (U.S.) F-16s bombing innocent people and children?Sharia Law?Iraq?"

- Martin described the tangent as a prepared speech.
- The suspect identified himself as "Khalid."
- The suspect said that he didn't want to harm anyone and wasn't being aggressive toward him with the pistol.
- The suspect said something about dropping out of school or being expelled, recently
- [redacted]
- Martin referred to himself as a hostage.
- The suspect became enraged when the female employee said that she was Muslim.
- The suspect did allow Martin to text his girlfriend, because his phone was going off.
- When the police arrived in the store, [redacted]
- The suspect allowed Martin and Davis to leave the store when the police officers requested their release.
- Martin described the suspect as: w/m late teens-early 20's, average height, thin, wearing a green Polo shirt, black jeans, boots, and clean-shaven.

Martin identified the suspect as Devon Arthurs. Martin stated that he had since been exposed to media outlet reports of the arrested person. Martin also stated that he had seen the person who police arrested, walked out of the shop and placed in a marked police vehicle. He confirmed that to be the same person holding him hostage inside the smoke shop. Additionally, Martin permitted me a look at his phone and the aforementioned text messages to his girlfriend for the purposes of getting an accurate timeframe. It indicated Martin's arrival at the shop to be at 1729 hours and his release from the store at 1738 hours.

At approximately 1530 hours, Detective Puleo and I removed Arthurs' clothing from evidence for the purposes of examining them for the possible presence of blood. We observed none.

May 26, 2017

On this date, I had removed from the Tampa Police Evidence Section the following evidentiary items, which Detectives Puleo and McNiff had recovered from inside the apartment: projectile and fragments (1610149, 49-52), WASR-10 assault rifle (1610155, 5-6), and nine (9) fired 7.62 caliber cartridge cases (1610149, 41-48). At approximately 0946 hours, I hand delivered the same to the Tampa Bay Regional Operations Center of the F.D.L.E. for examination and analysis. The results are pending.

May 27, 2017

On this date, at approximately 1027 hours, Detective Sergeant Van Heyst forwarded to me a copy of an H.C.S.O. jail lieutenant's documentation of the lieutenant's interaction with Devon Arthurs. I reviewed the documentation, whose author identified himself as Lieutenant Chris Fortner #5364 of the H.C.S.O. Jail Division II. A copy of the aforementioned documentation will be attached to the Versadex report under the heading, 'HCSO JAIL LT DOCUMENTATION OF ARTHURS CONTACT.' I will also maintain a copy in my electronic case file.

June 2, 2017

On the morning of this date, I removed from the Tampa Police Evidence Section the wallet and keys (1610149, 27-28), which belonged to Andrew Oneschuk. Pursuant to approval from A.S.A. Gale, I mailed the items to Walter Oneschuk (Federal Express tracking #810803027434).

Also on this date, I removed from the Tampa Police Evidence Section the WASR-10 rifle magazine (1610149, 38), which had been recovered from the apartment. At approximately 0943 hours, and per F.D.L.E. Senior Firearms Analyst James Kwong's request, I hand delivered the same to the Tampa Bay Regional Operations Center of the F.D.L.E. in order to assist with Analyst Kwong's examination of the previously submitted firearms evidence. The results are pending.

June 5, 2017

On this date, at approximately 1003 hours, Druid Arthurs provided me with a sworn audio-recorded statement; Detective Sandel was present. The pre-arranged interview took place in my unmarked police vehicle, while in the parking lot of an IHOP restaurant 7344 West Colonial Drive, Orlando. The following is a representative summary of Mr. Arthurs' statements:

- Druid Arthurs identified himself as Devon's father and that his phone number is 407-756-3734.
- Devon phoned Druid on May 19, at 5:20 p.m. (his phone's log) from 407-721-1449.
- The conversation lasted for a little more than four (4) minutes.
- [redacted]
- Devon told Druid that he loved him.
- He knew Brandon Russell, and he knew that Devon moved to Tampa with Brandon.
- Druid was uncertain if he had previously met Himmelman or Oneschuk.
- He had last seen Devon in April, when he and Brandon came to visit Druid.
- A week before the homicide, Devon phoned Druid and spoke about Brandon and him moving into a new nice place.
- Devon told Druid that he and Brandon had traveled to Detroit, Chicago, and Boston for the purposes of buying and selling guns; Druid doesn't know if there was any truth to it.
- Druid knew that Devon and Brandon met, online, when Devon lived with Druid.

- In September of 2014, Druid intercepted a copy of Mein Kampf, which had been delivered to Druid's residence for Devon.
- Druid put Devon out after Devon physically challenged Druid over the book.
- Devon went to live with his mother after that, with whom Druid had no contact.
- Druid described Devon's ideologies as ever-changing.
- Druid was unaware of Devon becoming Muslim.

Later on this date, I returned to Police Headquarters and read an email received at 1126 hours. The email came from F.D.L.E. Analyst Kwong providing me advanced notice that all none (9) 7.62 caliber fired cartridge casings, which were recovered from scene, were determined to be fired in the recovered WASR-10 rifle.

June 7, 2017

On this date, I reviewed the available F.D.L.E. firearms analysis laboratory report. The report pertained to the May 26 and June 2 submissions. From which I learned that, along with the fired cartridge casings, the two recovered projectiles were also fired in the WASR-10 rifle. The aforementioned F.D.L.E. report was attached to the Versadex report under the heading, 'June 7 FA Analysis Report.'
Also on this date, I had the opportunity to review a copy of the surveillance video footage, which Tampa Police Forensic Unit Multimedia Technician Jimmy Nicholson retrieved from the Hamptons of Tampa Palms and Green Planet Smoke Shop. Detective Sandel provided me with the copy. From which, I was able to identify Devon Arthurs, whom I came to know, pursuant to his subsequent arrest on May 19, 2017.

June 22, 2017

On this date, I had the opportunity to review available May 19, 2017 in-car video/audio recordings from Tampa Police Officer Krygier's marked police vehicle. The recording captures unsolicited statements Devon Arthurs made to subsequent to Arthurs arrest. As documented, the recorded statements also occurred in Officer Krygier's presence, after Officer Thanasas transferred custody of Arthurs. I downloaded a copy of the recordings to a DVD to be placed as evidence.

On 05/19/2017 at 1720hrs, I responded to a call for service at Green Planet Smoke Shop located at 15325 Amberly Drive. The call notes stated that a W/M was possibly [redacted]

Upon arriving to the scene, Master Cpl. J. Willick was arresting the W/M. I observed a pistol on the glass display counter top of the business and broken glass pipes on the floor. We checked the rear of the plaza for any victims and witnesses. advised that the W/M [redacted]

Upon arriving to the apartment, which was located 15350 Amberly Drive Apt 3722. We heard a loud scream coming from the front door of the apartment. The door opened and a W/M dressed in U.S. Military camouflage uniform exited the residence. He appeared to be scared and crying uncontrollably. He was detained. I entered the apartment determine if anyone need medical aid. As we entered the apartment, we walked into a doorway entry the lead to an upstairs floor. In the common living room area, I observed a banana clip style magazine to an assault rifle on the floor and it was topped off with ammunition. There was a large size blanket on the floor that appeared to be something underneath. We observed the end of an assault rifle. Within the west bedroom, I observed a white male sitting on a futon dressed in a black tee shirts and black basketball shorts. He appeared to have multiple gunshot wounds to his head. His skin was grayish in color and he had an Apple iPhone laying on his stomach. I observed a W/M laying on his back with a gun shot wound to his head. His skin was grayish in color. He was wearing a white tank top undershirt, with blue jeans, and Van's sneakers. This W/M had a pistol on his person, tucked in the right side of his waist. There was a box cutter on the floor between his legs. I observed multiple bullet holes in the west wall in the west bed room and some bullet fragments on the floor.

I then went to the east bedroom to make sure there wasn't anyone in need of medical aid. On the bed along the east wall was an empty banana clip style magazine for an assault rifle. In the closet was a 12 gauge shot gun. Within the apartment there were gas mask, books on Neo-Nazi, and white supremacy propaganda.

I had ROC Units established a perimeter outside of the apartment, with a larger outer perimeter. From the outside of the apartments and I could see

what appeared to be some bullet holes from the west bedroom. I reentered the apartment to make sure that no bullets had entered the apartment attached to this suspect residence, which were the east walls. In the closet of the east bedroom were some suspicious items that appeared to bomb making materials that had not been assembled yet. On the wall in the closet was a Double S "SS" flag with two red stains on it. We immediately exited the apartment and the outer perimeter was widen. Nearby residence were evacuated. I advised dispatch of all the vehicle tag numbers that were located just outside of the residence. I notified Lt. K. Schoolmeesters. The scene was secured for latent investigation.

Document: **SUPPLEMENTAL**
Author: **49936 - THANASAS, KATIE**
Related date/time: **May-19-2017 (Fri.) 1728**

On 05/19/17 at approximately 1728 hours, I responded to 15350 Amberly Dr (Green Planet Smoke Shop) in reference to a suspicious person. The call notes advised the following:

WM LSW GRN SHIRT BLK PANTS. GRABBING THE BACK SIDE OF HIS POCKETS.. SUBJ [redacted]
WENT INTO GREEN PLANET SMOKE SHOP 15325 AMBERLY DR [redacted]
SUBJ POSS IN HIS 20'S SHORT BLON HAIR

As I was pulling into the parking lot, I heard Cpl. Wallick advise via radio for units to "Step it up". I parked my patrol car in front of the business. I could not see inside the shop as I was approaching, as the windows are tinted. I entered the shop via the front door and noted it is a long, narrow room with long, glass cases on the right side (when entering). I observed two subjects, a male and a female, sitting on the floor in front of the glass case, at the opposite end of the room from where I entered. I observed Cpl. Wallick standing slightly to my left and a few feet in front of me, standing as if taking cover. Cpl. Wallick said "He's got a gun". I then observed two male subjects standing on the left side of the room, at the opposite end of the room from where I entered. I noted what appeared to be broken glass on the ground near where they were standing. I immediately drew my firearm and attempted to take cover, though there was none immediately apparent. I stood somewhat behind the frame of the front door, with the front door ajar, and with my firearm drawn. At that time, the subject with the firearm, later identified as Defendant Arthurs, turned slightly and I could see a black handgun in his hand. Arthurs held the firearm at his side, pointed to the ground. I pointed my firearm at him and repeatedly yelled/ordered him to "Put the gun down". I then heard noise behind me, coming from outside the business. I looked to my left and observed subjects outside Peabodys, seemingly coming from the patio and over toward us. I yelled for them to "stay back" and then turned back toward Arthurs, still inside the business and at the opposite side of the room. When I looked back toward Arthurs, he seemed to be putting the gun slightly down, toward the side of his body, as if he had raised it slightly, and had his head bent to the side. He seemed to be motioning that he would kill himself. I heard Cpl. Wallick telling Arthurs to "let them leave", referring to the three people inside the store. Arthurs stood with his firearm pointed toward the ground and calmly stated "I'm not going to shoot anyone. I was never going to shoot anyone. I just

want to tell my story". I observed the three subjects stand and exit the back door of the business. At that time, Arthurs moved briefly behind a type of display case, toward the long, glass case on the right side of the room. I continued to yell for him to "Put the gun down!" as he stood with it pointed to the ground. Arthurs then stated, with more of a raised voice, [redacted] I told Arthurs I did not want to shoot him and again ordered him to put the gun down. [redacted] Arthurs then placed the firearm on the glass case and held his hands slightly in the air. I ordered him to walk toward me. Arthurs stated he wanted to finish his soda and drank from a bottle as he walked toward me. I asked Arthurs what his name was and he said "Colid". I clarified and asked if he said "Colin" and he corrected me, saying "No. Like Colin but with a 'D'". I then pronounced it Colid and he said I had it right. I referred to him as Colid throughout the remainder of my time on scene. [redacted] I interrupted him and told him I was going to handcuff him, but she (referring to Cpl. Wallick) was going to keep her gun on him. I asked if he had any other weapons and he said he didn't. Arthurs stated he wanted to finish his story before we arrested him, and I replied he could keep talking once the handcuffs were on and we confirm he isn't armed with anything else. Cpl. Wallick kept her firearm pointed at Arthurs and he put both of his arms straight out in front of him, as if motioning for me to handcuff him. I holstered my firearm, walked toward Arthurs, and detained him in handcuffs without incident. I pulled a red cell phone and wallet from Arthurs pants and placed them on the glass case. Additional units arrived around this time. I asked Arthurs if anyone was hurt and he stated "The people in the back". I asked him if he was referring to the people that walked out the back door and he said "Out back". I left Arthurs with Cpl. Wallick briefly, requested an ambulance to stage, and exited the rear of the business. I did not observe any subjects in the immediate area. I then went back to Arthurs and asked him who was hurt. [redacted] As I walked Arthurs to my patrol vehicle he turned his body toward the people sitting outside Peabodys and yelled something to the effect of "Allah Mohammed". Arthurs frequently repeated words that

sounded like "Allah" and other words that sounded like a different language, and which I could not understand. As we drove from Green Planet Smoke Shop to the apartment complex, [redacted] I advised units via radio of our location. Shortly thereafter, ROC officers approached the front door and I could see (standing outside my patrol vehicle in front of the building) a male in what appeared to be a military uniform exit the building. It sounded like the male was screaming and crying. I opened my patrol door to get back in the vehicle and Arthurs stated "That's my roommate. He doesn't know what is going on and just found them like you guys just did. He is panicking and it isn't his fault". I asked Arthurs (still referring to him as Colid at this point) what his last name was. Arthurs stated his "real name" is Devon (he phonetically spelled it) Arthurs. I asked him what his middle name is and he said "My dad gave me two. Its Sean Ryan". He provided his date of birth as 03/18/99.

I did not observe any injuries to Arthurs' person. When we arrived at the apartment and the scene was secure, I asked Arthurs if he needed medical attention and he replied "Nope, I'm fine ma'am". Arthurs requested I roll down the back window and I offered to turn the air in the vehicle up higher instead. Arthurs said "that would work" and later thanked me for turning the air on and treating him with respect. [redacted]

I did not read Arthurs Miranda and did not obtain any further information from him. While on scene at the apartment, Arthurs was removed from my vehicle and placed in Ofc. B. Krygier's marked patrol vehicle.

I did not enter the apartment crime scene at any time and did not obtain statements from any other persons involved in this offense. This concludes my involvement with this offense.

Document: **SUPPLEMENTAL**
Author: **43320 - RUEDY, FRANK A**
Related date/time: **May-19-2017 (Fri.) 1800**

MPO Frank Ruedy 918/43320
Tampa Police Department District II
Rapid Offender Control Squad 231

On 05-19-2017, 1728hrs, I responded along with additional officers from ROC Squad 231 to the area of Bruce B Downs Blvd and Amberly Dr. TPD Dispatch received a complaint about a suspicious WM wearing a green shirt and black pants. [redacted] The original call was received from the Hamptons Apartment located at 15350 Amberly Dr. The caller stated that the subject was walking towards the plaza adjacent to the apartment complex.

At 1731hrs it was reported that the subject went into the Green Planet Smoke Shop located at 15325 Amberly Dr. Upon arriving at the smoke shop Ofc K Thanasas and Cpl J Willick had the subject secured in handcuffs. The business searched for additional subjects with negative results. I noticed a Glock semi-automatic handgun on the counter top. Ofc K Thanasas stated the firearm was in the possession of the subject when they arrived on scene.

The subject, later identified as Devon Shaun Ryan Arthurs 03-18-1999, directed unsolicited statements towards me as I stood near him inside the business. He made the following spontaneous statements: "You look like you've seen a lot. [redacted] He was escorted out of the business at this point. I did not have any additional contact with him during the investigation.

The subject Arthurs was wearing a green shirt with a collar and dark pants at time of arrest. The firearm located on the counter top was a Glock semi-automatic with an extended magazine still inserted in the lower. The serial number on the firearm was EFU010US. I did not move the firearm and was unable to determine the caliber of the weapon.

I secured the business and maintained the scene until TPD Crime Scene Investigators arrived for evidence collection and photographs. FIU B Tafe and I Reese arrived at the smoke shop. They took possession of the

firearm, the subjects wallet and maroon in color LG brand cell phone. The items were removed from the subject during search by arresting officers. The wallet contained a Florida Identification card [redacted] Devon Shaun Ryan Arthurs with a date of birth 03-18-1999. The address was listed as 7626 Village Green Dr Winter Park, Florida 32792.

There were two individuals inside the business as the subject entered. Employee Diana Qatamesh 12-12-1988 (813)591-8839 and customer Malik Davis 05-11-1988 (813)735-5039. A third subject entered during the incident. He is Jonathan M Martin 05-15-1994 (813)469-5625. See supplements in reference to their individual statements. They were obtained by additional officers on scene. MPO A Elmore/MPO D Walker/Ofc M Lange.

I spoke momentarily with the business owner Marcel Soufan (813)482-5781. He stated that his sister Diana Qatamesh watched the store for him on this date. This was the first time she watched the business. Soufan stated that his security system does work. He stated that he would attempt to make a copy of the store security video. Homicide Detective G Sandel responded to the scene and provided a contact number for the business owner.

I did not obtain any statements from witnesses at the scene. I maintained the crime scene until the investigation at this location came to a conclusion.

Nothing further at this time.

While on uniform patrol, I was dispatched to a Suspicious Person(W/M) call at 15350 Amberly Dr(Green Planet Smoke Shop), along with several other Officers. [redacted] At least two other Officers arrived before I, and took the subject into custody. According to radio updates, there may have been victim(s) in the rear of the shopping. I immediately responded to the rear of the shopping plaza. I didn't find anyone injured, but I did find a W/F crying(later identified as Diana Qatamish) on far South side of the Plaza next to McNatts Cleaners. She was hysterical, but otherwise uninjured. She identified herself as the on-duty employee at the Green Planet Smoke Shop, when the W/M entered the shop. She had ran from the rear exit of her business to this location for safety. I escorted her back to the front outside area of the Smoke Shop. Evening shift Ofc. M.Lange arrived, and relieved me. Ofc.M.Lange conducted a full interview of Qatamish(See Statement Supplement).

This concludes my involvement.

Author: **47745 - BERGMAN, TIMOTHY**
Related date/time: **May-19-2017 (Fri.) 1918**

I responded to Hamptons Apartments 15350 Amberly Dr Building 37 with units in reference [redacted] I arrived on scene and Defendant Arthurs exited a marked patrol car. He stated that his roommates were in the second door upstairs. As we approached the apartment, Brandon Russell who was in full military Fatigues began to yell and scream.

Brandon Russell exited the apartment very histerical. He was yelling, "they are upstairs." He was detained by a ROC officer as myself and other officers cleared the apartment.

As I entered the front door, I could smell the distinct odor of burnt gun powder inside the apartment. I walked up the stairs to the second floor, this was the living room and dining area. There was an orange futon and a purple sleeping bag on the floor. I also observed a magazine to a high powered rifle laying on the floor next to the sleeping bag. I cleared to the left which was a bedroom, where I observed victims [redacted] and [redacted] expired from gun shot wounds to the head. I then continued left into the bathroom and cleared the bathroom. The bathroom lead into the kitchen, which lead back into the living room. I then cleared the master bedroom across from where the victims were found. The master bathroom was clear of people.

While clearing the bedroom with the victims, I observed several spent rifle rounds on the floor next to the victim on the couch. The spent rounds were the same rounds that were in the magazine that were laying in the living room. I did not see a rifle laying in the bedrooms or in the living room.

I advised Cpl.M.Turner what I observed and he informed me to check the walls to make sure there were no projectiles that went into an adjacent apartment. Knowing that Arthurs exited the apartment with a handgun, I asked him if he left with the rifle. He informed me that he placed the rifle on the orange futon. I then asked Russell, if he observed the rifle in the apartment. Russell stated that he moved the rifle off the futon onto the floor so he could take a nap. I informed Russell that I did not see a rifle laying on the floor. I entered the apartment again with Ofc.C.Laframboise to check the walls for projectiles into adjacent apartments. The projectiles only hit walls leading to the outside.

As I exited the bedroom I observed the rifle wrapped in the purple sleeping bag on the floor in the living room. I informed Sgt.T.Miller the projectiles did not affect any apartments and only one projectile exited the exterior wall.

I exited the crime scene and made sure my name was on the crime scene log. I had no further involvement.

Related date/time: **May-19-2017 (Fri.) 1928**

On 5-19-17 at approx. 1750hrs. I arrived at the Hampton Apartments located at 15350 Amberly Dr. Several units were already responding to building #37 where two people were reported to be shot. I responded to Apartment #3723 of building #37 where units were attempting to enter the apartment under exigent circumstances. A W/M wearing full army fatigues came running down the stairs and was screaming. He exited the front door of the apartment.

Once he was detained by ROC Units, I was the last to enter the apartment to check for injured victims. As I entered the living room from the stairs, I heard an Officer say there were two deceased victims in the West side bedroom. I then responded to the East side bedroom to check it for any remaining victims or possible suspects which was met with negative results.

I then exited the apartment back through the front door and gave my name to ROC Officer Floyd for the crime scene log as the area was being roped off with crime scene tape. I then conducted a secondary search of the suspect who was being detained in the rear seat of Officer Thanasas's patrol car. I removed his black boots and at that time his belt was removed by Cpl. Turner. I took no other part in this investigation.

Subject: **RESPONSE TO 15350 AMBERLY DR**
Related date/time: **May-19-2017 (Fri.) 2032**

While on routine patrol, I heard a call come out over the radio reference a w/m who entered the Smoke Shop at 15350 Amberly [redacted] I was N/B on Bruce B Downs just south of Amberly and close to the location. I advised radio that I was coming t97 (arriving) at the location.

I arrived at the location and exited my vehicle. The front windows of the business were tinted very dark and I could not see anything inside of the store. I opened the front door and saw a w/m, wearing a green shirt and black pants standing on the east side of the shop at the rear of the store. [redacted] I also observed two males sitting on the floor at the rear of the store on the west side, and another person sitting on the floor a little closer to him. There were items on the floor in the center of the shop. There was no cover except for glass cases between myself and the w/m. With my firearm pointed at the w/m, I told him to drop the gun. [redacted] He agreed and they left through the back of the business.

He said, I bet you have a family. I told him that I was about to retire.

Ofc. K. Thanasas entered the front of the store. I told her that he has a gun. She very briefly exited to removed additional people from danger from the outside in front of the store. She reentered the business and positioned herself to my right. We both asked him to put the gun down. He walked toward the counter at the west side of the rear of the store. He picked up a bottle of Coca Cola and started drinking it. He said he wanted to drink the coke. I told him he could drink his coke. We asked him to put the gun down and walk toward us with the coke.

[redacted] We both told him to put the gun down. He put the

gun on the counter and continued to drink the coke. I asked him to walk toward us. He hesitated and then put the coke down and walked toward us. Ofc. Thanasas told him that we have to handcuff him. She told him that she would handcuff him and I would continue to point my gun at him. He walked toward her and she handcuffed him without resistance. Ofc. Thanasas asked him if there was anyone who was hurt at the store. He said, no. [redacted]. Other units began arriving at the smoke shop. We placed him in the back seat of Ofc. Thanasas' car and [redacted]. Multiple other units arrived behind us at the apartment. We stayed with the suspect and the other units made entry into the apartment. As they were at the front door, I heard screaming. A w/m ran from the front entrance and was screaming and crying, "Jeremy is dead".

[redacted]

My only other involvement was in assisting to place crime scene tape around the perimeter of the apartment.

Related date/time: **May-19-2017 (Fri.) 2106**

On 5-19-17 at 2044 hours, I was contacted by EOD Tech B.Clifford in regards to a vehicle sweep with my EOD K-9 partner. I responded to the Hampton Apartments and met with Corporal Clifford. He asked me to sweep three vehicles that were were parked in front of the apartment to make sure the area was safe prior to to techs entering the apartment.

There was a blue Dodge Nitro that was parked right in front of the garage door. There was a white infinity parked to the right of the Nitro about 15 feet away and a grey GMC Terrain parked about the same distance away but behind the Nitro.

I deployed my K-9 around all three vehicles and there was no abnormal behavior exhibited around any of the vehicles. Attached to my supplement is the DHSMV information on all three vehicles. This was my only involvement in this investigation.

On 5/19/2017 at 1815 hrs I responded to the Green Planet Smoke Shop located at 15325 Amberly Dr to assist in an ongoing Homicide Investigation. Upon arrival I made contact with Ofc. Elmore and Ofc. Ruedy who were already on scene conducting interviews.

I made contact with the store clerk, the victim, [redacted] who was interviewed (see statement attached).

I was able to speak with the store customer, the victim, [redacted] who was also interviewed (see statement attached).

Both victims stated the defendant [redacted]

After the interviews I entered the smoke shop. As i Walked inside the store I observed multiple items on the ground. Some were broken and other appeared to have just been thrown to the grown. The defendant stated to Qatamesh that he was upset a Muslim was selling the items in the store.

Crime Scene Technician Tafe responded to the scene for processing.

Once the crime scene technician completed the scene processing the store was opened and all victims / witnesses were released from the scene.

At this time I traveled to the Hamptons Apartments and secured the crime scene until relieved.

Related date/time: **May-19-2017 (Fri.) 2300**

On 05/19/17 I was assigned to ROC SQD 231 out of District II. While working in this capacity I was wearing a Tactical Vest with the words "POLICE" emblazoned on both the front and back in white lettering. I was also wearing a TPD issued gun bely and badge.

On the listed and time I responded to the New Tampa area for a call about a [redacted]. Upon my arrival I first responded to 15350 Amberly Dr. Upon my arrival the suspect was already in custody [redacted]

We then arrived on scene and as we did we came into contact with Brandon Russell who was wearing Army fatigues. He had just come out of Apt 3722 and was hysterical.

I then made entry into apartment 3722 along with other members of ROC Squad 231 in order to check for any possible victims. Upon entering the apartment we made our way up the stairs and announced numerous times "TAMPA POLICE!!!"

We then continued to clear the apartment and observed 2 white males in the western bedroom of the apartment. Both had gunshot wounds to there head and were obviously deceased.

Once it was confirmed that there was no other victims inside who needed assistance we exited the apartment.

I then assisted with maintaining the crime scene.

This concludes my involvement with this case.

Document: SUPPLEMENTAL
Author: 52312 - BALCH, BRIAN J
Related date/time: May-19-2017 (Fri.) 2345

On 5/19/17 at approximately 1743 hrs I was working in a uniformed patrol capacity when I responded to 15350 Amberly Dr in reference to a suspicious [redacted] As I was responding, units advised they were checking 15350 Amberly Dr, Apt 3723 for victims so I went to that address.

As I arrived at approximately 1805 hrs, I made contact with Ofc. A. Trotta in the parking lot who was with a male subject wearing a camouflage uniform. The male was already handcuffed upon my arrival and sitting on a curb. I observed that the male was crying hysterically. No visible injuries were noted.

Ofc. A. Trotta and Ofc. K. McCready conducted a search of this subject. I then re-searched the subject and placed him in my patrol car to separate him. The subject was identified by FL DL as BRANDON CLINT RUSSELL and advised he lived in Apartment 3723.

I stood by with RUSSELL while he was detained in my patrol car, still handcuffed. Once directed by detectives, I transported RUSSELL to TPD Headquarters at approximately 1950 hrs.

I did not interview RUSSELL during my time with him. I observed that he continued to have moments where he broke down and begin to cry and curse, asking what happened. I did not disclose any information about the investigation I had learned. I also did not enter the apartment at any point.

RUSSELL was given the opportunity to drink water and use the restroom while detained. The handcuffs were moved to the subject's front due to their prolonged use and the tightness was checked often to ensure proper circulation.

Ofc. E. Barreto arrived to relieve me at TPD Headquarters at approximately 2300 hrs and standby with the subject awaiting interview by detectives.

I had no further involvement in this investigation.

Document: **SUPPLEMENTAL**
Author: **46258 - LOGAN, WILLIAM J.**
Subject: **EOD SUPPLEMENT**
Related date/time: **May-20-2017 (Sat.)**

On 5/19/17 at approximately 1830 hrs. I recieved a call from Assistant Bomb Commander Sgt. Mark Maziarz. He requested that I respond to 15350 Amberly Dr. Building 37 #D, in reference to a double homicide in which either a clandestine drug or explosive lab was possibly inside the apartment as well.

While en route I received addition information from Cpl. R Clifford (who was on scene/ Bomb Technician) who related that according to Brandon Russell the following items were located in various locations within the apartment: Thorium (radioactive metal), HMTD (hexamethylene triperoxide diamine: homemade high explosive), rocket fuel(solid form), potassium chlorate (hme precursor), and possibly some other types of rocket propellants.

Upon arrival (approximately 2000 hrs) I met with Cpl Clifford and FBI SABT C Franks and recieved a further briefing. In addition, Cpl Clifford and TFR HAZ MAT conducted radiological readings/testing of the entire exterior of the building and found no abnormal/high readings. Due to the volatile nature of HMTD and unknown amount, it was decided that entry would be made, absent a warrant, for Public Safety concerns. We awaited the arrival of MPO J Ward (also a Bomb Technician) who was responding with the TPD Bomb Squad TCV (total containment vessel). We received information that the HMTD was in the attached garage.

The following vehicles were observed in the parking area in front of the incident location; Blue Dodge Nitro FL tag DSL-U90, Grey GMC Terrain FL tag Y66BE, and a White Infinity G25 FL tag EJH-U22. In addition two garbage cans (one overflowing with filled trash bags) were near the front door and garage door. Due to the circumstances and proximity of these items I requested EOD K9's to respond to conduct explosive sweeps of the vehicles and trash cans. EOD K9 Cpl W Turner and EOD K9 MPO M Bridges responded. Together we conducted explosive sweeps of said items. The EOD K9 gave no alerts and there was no apparent hazards (explosive/radiological) in/around said items. Theses sweeps concluded at approximately 2125 hrs.

At approximately 2127 hrs entry was made into the residence to clear any explosive hazards. The entry team consisted of the following personell: Cpl R Clifford, MPO J Ward, SABT C Franks, and Det K Nightlinger. Upon entry the team immediately came into contact with a back pack that contained

numerous electric matches and an IED. At approximatley 2149 hrs the team located three radioactive items in the garage and three containers of concern (a cooler taped closed, a military transportation container, and a large glass jar filled with an unknown white powder). Furthermore a large quantity of explosive precursors (iron oxide, potassium clorate) were found. The team utilized x-ray diagnostics (nano system) of the items which appeared to contain items of concern. In the cooler numerous vials with unknown powder were observe while the military container had another suspected IED. At approximately 2300 hrs the team concluded its initial sweep of the residence. By this time other other members of the Tampa Bomb Squad arrived (Sgt J Seal, Cpl M Simmons, and MPO Baird).

At approximately 2325 hrs Cpl Simmons and MPO Baird entered to take another xray of the cooler, utilizing a different system (ScanX). They exited at approximately 2329. This image verfied the presence of multiple vials filled with unknown powders and the absence of any type of booby trap, initiating switch.

At approximately 0015 hrs another team, consisting of Sgt Seal, SABT Franks, Cpl Simons, MPO Baird and I, conducted a secondary sweep of the residence. We exited at approximately 0025 hrs finding no other items of concern.

At approximately 0122 Sgt Seal and Cpl Simmons entered to xray the military container with the ScanX system. They emerged at approximately 0130 hrs. During that time I was approached by Sgt L Miller who advised his squad located one of the vicitm's vehicle parked a moderate distance away from the residence. The vehicle was a Blue Jeep Cherokee MA tag 4AJ-793. I again requested the assistance of EOD K9's Cpl Turner and MPO Bridges. We conducted an explosive and radiological sweep of the vehicle and observed no hazards (approximately 0125 hrs).

It was determined that prior to performing any positive actions on the items of concern the radiological items had to be identified. At approximately 0155 hrs., Sgt Seal, Cpl Clifford and MPO Ward entered the residence to identify the radioactive isotopes. They utilized the following equipment: a RIID (radiation isotope identification device), PRD's (personal radiation detector) and an HRM (handheld radiation monitor).

The first item examined was a tin can that was emitting a radiological signature. However next to this item was a plastic baggie containing numerous glass beads. Utilizing the above mentioned equipment the following results were obtained: radioactive isotope Ra-226 (radium) producing 229 uR/h at 1/8" away. They exited at 0205 hrs. At approximately 0210 hrs the

team reentered to examine a pill vial that was also emitting a radiological signature. The results were as follows: Am-241 (Americium) 9 uR/h at 1/8" away. The exited at 0215 hrs. It was decided to separate the tin can from the baggie with glass beads to obtain a more accurate reading. In addition there was what appeared to be a mixing vessel also in the garage with an unknown red/brown powder/residue within. A sample would be obtained. At approximately 0220 hrs the team reentered, separated the radioactive items and procurred a sample of the red/brown powder. The team exited at approximately 0223 hrs. A sample of the red/brown powder was examined utilizing the Tru Defender spectrometer. While awating for the results the team reentered at approximately 0230 hrs to analyze the tin can and baggie with glass beads. The following are the readings for the tin can and baggie of glass bead respectively: Ra-226 255 uR/h, 8 gamma, 2 neutrons, unknown due to low signature, 6 uR/h, 0 hrm. The team emerged at 0234.

The Tru-Defender was unable to identify the sample as the molecular signature was too low. A flame susceptibility test was conducted on another sample of the red/brown powder which proved negative.

At approximately 0245 hrs Sgt Seal and ATF SA K Mattson entered to reexamine the powders found within the garage. The exited at 0258 hrs.

Due to the radiological and RDD concerns the FBI WMD, RDU units were consulted by SABT C Franks.

At approxiamtely 0410 hrs Cpl Clifford and MPO Baird entered for photographs only. They emerged at 0424 hrs. At approximately 0435 they reentered to collect the radiological sources. The sources were packaged and given to SABT Franks.

At approximately 0440 hrs Cpl Clifford and MPO Baird entered to utilize the First Defender spectrometer on the glass jar filled with white powder. Due to safety concerns a delay was utilized allowing time to vacate the residence before the spectrometer activated. They emerged at approximately 0441 hrs. At approximately 0446 hrs the team entered to retrieve the First Defender. They emerged at 0447 hrs. The spectrometer identified the white powder in the glass jar as potassium chlorate.

It was decided that the cooler, military transportation box with IED within, and the IED found by front door would be manually removed and placed in the TCV. At approximately 0505 hrs Sgt Seal and SABT Franks entered to clear access to these items and remove any trip/fall hazards for MPO Baird who would be retrieving the items in an EOD 9 Bomb Suit.

At approximately 0510 hrs MPO Baird entered the residence and collected the cooler. He placed it into the TCV at approximately 0510:30 hrs. He reentered to collect the military transportation box with IED at approximately 0511 hrs. He placed it into the TCV at approximately 0511:30 hrs. He reentered the residence at approximately 0512 hrs, collected the IED by the front door and placed it into the TCV at approximately 0512:30 hrs.

At approximately 0525 hrs Sgt Seal and I collected and packaged the following items with corresponding numbers:

1)--Located by front door:
Black bag
electric matches
fireworks/pyrotecnics
pvc end caps
drill bits
zip ties
bike lock
misc. papers
2)--Located in garage
box of ammonium nitrate prills
3)--Located in garage
misc. chemicals from black suitcase
4)--Located in garage
iron oxide
potasium clorate
5)--Located in garage
Improvised pressure plates
6)--Located in garage
misc. mixing devices
7)--Located in garage
potassium clorate
8)--Located in bedoom with victims
6 jumbo M5000's
9)--Located in laudry room
coffee grinder with white powder residue within
10)--located in bedroom with victims
black bag

Also located in the garage were numerous watch hands, smoke detectors, and a metal box with metal scapping/filings within all which gave off radiological signatures. These items were packaged in an ammo can and given over to SABT Franks.

Due to the length of the operation, over 12 hrs, it was decided to cease the operation for the day. On 5/22/17 members of the Tampa Bomb Squad and Federal partners will reconvene for further examination/evidence labeling with render safe/disposal operations forthcoming.

Document: **SUPPLEMENTAL**
Author: **52097 - HIERS, ADAM K**
Related date/time: **May-20-2017 (Sat.) 5**

On 05-19-17, I was assigned to ROC 231 and responded with the squad to a suspicious person with a gun at the Green Planet Smoke Shop, located at 15325 Amberly Dr.

Ofc. C. Laframboise, Ofc. Ruedy, Ofc. McCready and I were in the same vehicle and arrived at the store together. Upon our arrival, I exited the car and entered the shop. I observed one officer standing with a white male in handcuffs and another officer clearing the rear of the business.

I went to assist the officer in the rear of the business, which caused me to pass by the male suspect in handcuffs. He addressed me as officer and asked me how I was doing. [redacted]

This is the only interaction I had with the suspect from the store.

I then searched the business for any injured persons. I was unable to locate anyone else in the store.

I was then advised to go to the Hamptons Apartments with Ofc. Laframbosie and Ofc. McCready. Upon arriving at the apartment with several units, we approached the door to the apartment where the suspect directed other officers.

As we reached the door, I observed a white male exit the door in a frantic manner. He was detained by other officers and I made entry into the apartment with several officers. I was the fourth officer in the group that entered the apartment.

While inside the apartment, I observed a deceased male from the doorway with what appeared to be drama to his head. Other officers made entry into the room ahead of me and voiced it was clear. I did not enter the room and did not observed the second deceased male in the room.

Once the apartment was clear, I exited the apartment and began to create an inner and outer crime scene with tape. After this was completed I stood outside the crime scene. A short time later I assisted Ofc. Laframboise and Ofc. McCready check the shopping plaza where the suspect was arrested

for video cameras. Ofc. Laframboise advised all the exterior cameras were owned by the property manager. See his supplement for details.

I then returned to the apartments and helped maintain the integrity of the crime scene.

This concludes my involvement with this incident.

Related date/time: **May-20-2017 (Sat.) 56**

I came on duty at 1730 hr on 5/19/17. As I was driving in my marked unit up to the New Tampa area, I heard the call go out that a subject [redacted] I then heard on the radio that the subject was seen going into the smoke shop across the street from the apartment complex. I heard Cpl Wallick advise that she had arrived at the smoke shop. I then heard her ask for back up units to step it up. I then began to run lights and sirens to the call. I heard Ofc K Thanasas arrive as back up to Cpl Wallick. A few moments later, I heard them say that they had the subject in custody. I then slowed my response down to a normal response but was still heading to the call [redacted] Sgt T Miller and his ROC squad followed her over there and they made entry to check on any victims (see supplements). I then heard Sgt Miller advise that there were two victims in the apartment #3721. I then resumed running lights and sirens to get to the apartment complex. Upon my arrival, I met with Sgt Miller and he apprised me of the situation. He explained what he had seen inside the apartment as far as the two deceased persons were concerned. He told me that homicide had been called and we just needed to wait for them to respond and write a search warrant. He described the layout of the apartment to me. He told me he saw large caliber bullet holes in the wall where the two victims were. This wall has Amberly Dr on the other side of it. There was also a bullet hole in that same room on the wall that faces the parking lot. I asked him if anyone had looked into the second bedroom that backs up to the apartment right next door to it (#3720). He said that nobody had gone into that bedroom. I suggested to him that we needed to check that bedroom out to make sure that the suspect hadn't shot rounds through that wall and possibly hit someone in the apartment next to theirs. Sgt Miller agreed that we should check that out for the safety of the next door neighbors. Sgt Miller, Ofc LaFrambroise, and I went back up into the apartment and we checked the second bedroom that backed up to the next apartment. I looked all over the walls for bullet holes and found nothing. While I was doing this, Sgt Miller looked at the wall of the opened closet door in that room for possible bullet holes and found nothing. Sitting in plain view on the shelf in the closet were two Geiger counters, multiple batteries and a few other items that Sgt Miller believed could be used to

make a bomb. Ofc LaFrambroise then inspected the items and suggested that it might be used to cook methamphetamine. At this point, we left the apartment and I called Sgt M Maziarz, one of the EOD sergeants. I explained to him what we had seen in the closet. I then put Ofc LaFrambroise on the phone with Sgt Maziarz so he could explain in detail what he had seen. When I got back on the phone with Sgt Maziarz, he told me that nobody goes back into that apartment until he could get other EOD members to the scene. He also advised to evacuate that building and the building next to it (36), which we did.

The suspect was in the back seat of Ofc B Krygier's vehicle and Lt Schoolmeesters advised me that homicide detectives wanted him transported down to 411 Franklin St so they could interview him. Lt Schoolmeesters and I walked down to Ofc Krygier's vehicle and told him to take the subject to headquarters. Ofc Krygier wanted to search the subject again before he transported him downtown. I stood by while Ofc Krygier searched the suspect again and Lt Schoolmeesters searched Ofc Krygier's back seat. While I stood by, I didn't ask the suspect any questions, however, he was talking non-stop. He looked at me and said that he wanted to disclose something to me before he left and I said, "ok, go ahead." The suspect then told me that inside the garage of their apartment we were going to find some ammonia nitrate. He said it wasn't primed but it was in a suitcase in the garage. [redacted] I simply said, "oh." The suspect went on to tell me that he had converted to Muslim and his name was now Colid and then he spoke something very quickly in what sounded like Arabic that I had no idea what he said. [redacted] Ofc Krygier finished searching the suspect and told him to get back in the car but the suspect said he wanted to tell his story. Ofc Krygier told him that there were several people downtown who would love to hear his story and that satisfied him and he got back into the car. The suspect didn't say anything else to me.

I remained on scene for the remainder of my shift until relieved by dayshift. I stayed at one end of the crime scene tape to keep people from going into the area that was being controlled by the EOD techs. This concludes my involvement in this matter.

Related date/time: **May-20-2017 (Sat.) 103**

I responded to the Hampton apartments in reference to a double homicide. I was the on duty shift commander for District Two and I was the on scene supervisor. I arrived after several officers checked the apartment where the homicide took place. I was informed by Sgt. Lesley "Trey" Miller that while inside the apartment looking for possible victims that he noticed bomb making material. I told him to have officers start evacuating the surrounding apartments and informed the patrol supervisor Corporal Amanda Wilson to shut down Amberly Drive. The apartment in question is located on the north side of Amberly Drive. I made several notifications to the EOD (Bomb Squad) supervisor Sergeant Maziarz, the acting homicide sergeant Gary Sandle and the public information officer.

Homicide Detectives arrived and Detective Gary Sandle requested that the suspect be transported to police headquarters to be interviewed. I assisted Officer Bradley Krygier and Cpl A. Wilson in removing the suspect from the back of the marked unit. Officer B. Krygier researched the suspect while I searched the back-seat of the marked car. I did not locate any contraband or weapons under or behind the seat. During the search, the suspect was talking without being questioned. [redacted] He swore his allegiance to the Islamic State and a cleric with an Arabic sounding name. [redacted] I told him that he would be questioned by detectives and to move into the police vehicle. The suspect complied and the police vehicle's door was closed.

The suspect was transported to 411 N. Franklin street as requested. I then remained on scene to the end of my shift while the bomb squad were conducting their investigation. I did not enter the apartment or observe anything directly related to the homicide investigation. I also had no more contact with the suspect.

Related date/time: **May-20-2017 (Sat.) 247**

On 5/19/17, I was dispatched to 15350 Amberly Dr, in reference to a suspicious person [redacted]

Upon arrival, I had learned that there were possible victims located at the Hamptons Apts. I responded to the area with several other officers, and learned that the suspect may have hurt people inside of an apartment.

Once the it was learned that the apartment was 3722, we observed a male in army fatigues exit the condo very distraught, and he was secured by Ofc. Floyd. I then entered the apartment with Sgt. Miller, Ofc. Laframboise, Ofc. Hiers, Ofc. McCready, and Ofc. Bergman in order to clear the residence and determine if any victims were inside. As I reached the top of the staircase, I observed a male in the far bedroom that appeared to be deceased. I continued to clear the residence and once the residence was clear, I entered the far bedroom and observed a deceased male laying on a couch directly through the doorway, and a second male on the floor across the bedroom. Blood and matter was observed on the walls and floor. Both victims appeared to be shot in the head and were deceased.

I exited the apartment and assisted with securing the scene.

I later responded to TPD Headquarters with Ofc. Krygier and the defendant, Devon Arthurs. Upon arrival at headquarters, I secured Arthurs in a holding cell and stood by until detectives were ready to interview him [redacted] (See Statement).

At no time was Arthurs asked any questions by myself or Ofc. Krygier regarding this case.

Custody of Arthurs was transferred to Detective Sandel for interview.

This concluded my involvement in this case.

Subject: **AUTOPSY**
Related date/time: **May-20-2017 (Sat.) 908**

On 05/20/17 at 0800 hrs I was contacted by Homicide Sgt. G. Van Heyst and asked to attend the autopsy of the two murder victims. I arrived at the Hillsborough County Medical Examiner's Office at 0908 hrs.

AUTOPSY OF JEREMY HIMMELMAN
M.E. REPORT NUMBER 17-03711
DR. RIVERS
TAMPA POLICE CRIME SCENE TECHNICIAN K. POGORZALA.

X-rays show no bullets in body. Two bullet entrance wounds to head, left cheek and left temple area. One bullet entrance wound to lower right side of neck. (Photographs denotes letters A, B and D as entrance wounds)

Bullet exit wounds to upper right side of forehead, back of head right side of head and left shoulder. (Photographs denotes C, 2, and 1 and exit wounds)

According to Dr. Rivers the following information is how the bullets entered and exited:

1. Letter D entrance to number 2 exit; right to left, front to back at a downward angle.
2. Letter B entrance to number 1 exit; Left to right, front to back at an upward angle.
3. Letter A entrance to letter C exit; Left to right, front to back at an upward angle.

All three shots were kill shots; Cause of death was gunshot wounds to head and chest, with perforation of skull, brain, lung and Aorta. The manner of death is Homicide. No bullets recovered.

AUTOPSY OF ANDREW ONESCHUK
M.E. REPORT NUMBER 17-03708
DR. RIVERS
TAMPA POLICE CRIME SCENE TECHNICIAN K. POGORZALA

X-ray showed no bullets in body. Several bullet entrance and exit points were observed. The following is the lettering and numbering of those bullet wounds as done by Dr. Rivers and documented by photographs:

FRONT OF BODY
A: Right side of forehead
B: Left side of face/ear
C: Top of right shoulder
D: Right forearm

E: Right arm pit
F: Under right arm on body, Latissimus Dorsi area.
G: Left side of neck
H: Top of left shoulder
I: side of left shoulder
J: Front of left shoulder
K: Left shoulder front near arm pit
L: Left side of chest under nipple

BACK OF BODY

1: Right side, back of head behind right ear.

According to Dr. Rivers the following information is how the bullets entered and exited:

I to H: Left to right, front to back, upward angle
K: Graze
J to C: Aorta, Spinal Cord, left to right, front to back, upward angle.
L to F to E to D: Right lung, Brachial Artery, front to back, left to right, upward angle.
A: Combined wound, front to back, left to right, upward angle.
B to 1: left to right, front to back, downward angle.

The Cause of Death was listed as gunshot wounds to Head and Chest, with perforation of Skull, Brain, Aorta, Spinal Cord and Lungs. The Manner of Death is listed as Homicide.

Both victims clothing were photographed and collected as evidence by Crime Scene Technician K. Pogorzala. I left the Medical Examiner's Office at 1430 hrs. I have no further involvement in this case.

Document: **SUPPLEMENTAL**
Author: **50331 - MCNIFF, SHAUN**
Subject: **DET MCNIFF'S SUPPLEMENT**
Related date/time: **May-25-2017 (Thu.) 1525**

May 19th, 2017
1800 hours

I was contacted via cell phone by Det. G Sandel. I was asked to respond to The Hamptons Apartments in New Tampa to assist with a homicide investigation.

I arrived at 15350 Amberly Dr (The Hamptons Apartment complex) and made contact with Det's Sandel, Nightlinger and Puleo. I was provided with a synopsis of the investigation, which at the time included the following facts: Two unidentified white males were shot to death inside apartment #3723, one suspect was in custody and one resident of #3723 had been located. I had also been made aware that the suspect has been located and arrested at the Green Planet Smoke Shop and had been in possession of a semiautomatic pistol.

I spoke with TPD Officer Chris Laframboise, who was one of the officers that assisted in the initial clearance of apartment #3723. Officer Laframboise provided me with information that was later used to author a search warrant. While speaking with Officer Laframboise, I was informed that that the surviving resident of #3723, Brandon Clint Russell, had informed Detective Nightlinger as to the possibility of potentially explosive material inside the residence.

I spoke with Detective Nightlinger, who advised that Thorium, HMTD (Hexamethylene Triperoxide Diamine) and rocket propellant were possibly inside the residence.

I was tasked with authoring a search warrant for the apartment of #3723. I returned to HQ and completed the Search Warrant and Affidavit In Support of Search Warrant. Both were reviewed and approved by ASA R. Gale. The search warrant was signed at 2330 hours, on May 19, 2017 by the Honorable Chet Tharpe.

Along with Det. S Puleo, we responded back to The Hamptons Apartments. Upon our arrival at approximately 0000 hours, we were informed by TPD EOD personnel that it would be several hours before the apartment would be clear of all dangerous material. Myself and Det. Puleo responded back to HQ.

0600 hours

I was informed that the apartment was clear of all dangerous material. The search warrant was served at 0615 hours. Along with CST's Kauffman and Moore, myself, Det. Puleo and Det. Sandel conducted a walk through of the apartment. The apartment in question is on the second floor of the apartment building. Access can be gained via the front door or the attached garage. The apartment contains a living room, dining room, kitchen and two bedrooms, each with an attached bathroom.

Please refer to the attached diagrams for clarification on all crime scene work

The victims were located in bedroom #1. I was able to locate a wallet in the front left pant pocket of Andrew Oneschuk. The wallet contained a Massachusetts ID with the name of Andrew Oneschuk and a DOB of 04/27/1999. I was also able to locate a wallet in a plastic container within bedroom #1. The wallet contained a Massachusetts ID with the name of Jeremy Himmelman and a DOB of 03/16/1995. Although an official identification had not been made yet, it appeared, based on the Massachusetts ID's, that Oneschuk and Himmelman were the deceased inside the bedroom.

Oneschuk was lying on the floor of the bedroom in the supine position. His head was positioned near the closet door with his torso and legs facing the entrance to the bathroom. Oneschuk had suffered massive head trauma due to gunfire. I observed a black, semiautomatic pistol secured in a holster on the inside of Oneschuk jeans. The holster was between his jeans and the outside of his right thigh. Det. Sandel removed the semiautomatic pistol from the holster and made the weapon safe. The weapon did not have a live round chambered; however the magazine did contain live rounds. The firearm was placed on the bed next to Oneschuk.

Himmelman was sitting on the couch located in bedroom #1. Himmelman had suffered massive head trauma due to gunfire. I observed projectile fragments and rifle shell casings scattered around the room. I observed blood spatter and pieces of skull against the wall, behind the area where Himmelman had been sitting.

CST's Kauffman and Moore began setting up evidence markers inside bedroom #1. The evidence was photographed and collected.

I then moved to the living room of the apartment. The living room was sparsely furnished. I observed a small television, a computer connected to a large monitor, a printer, a bookshelf, an ottoman and a couch. Smaller items included two Play Station Four's, a cell phone, tablet and a Quran. I observed anti-Semitic and white extremist books and periodicals in the bookshelf along the wall. Under a purple blanket in the living room, I observed a light brown and black AK 47. The magazine had been removed from the rifle and was laying a few feet away from the rifle. I later counted 20 live rounds inside the magazine. I also made the AK 47 safe and removed one live round from the chamber (latex gloves were used). CST's Kauffman and Moore set up evidence markers inside the living room. The evidence was photographed and collected.

*I conducted all evidentiary measurements for the living room, using the top of the staircase as the reference point *

EVIDENCE MAKER #	DESCRIPTION OF EVIDENCE	APPROXIMATE DISTANCE IN FEET FROM STAIRCASE
19	Anti-Semitic Publications	15'
20	Notebook / Journal	14'
21	Black Insignia Tablet	14'
22	HP Computer Tower / Printer/ Web camera	15'
23	Quran	13'
24	iPhone in Otterbox	12'
25	WASR 10 AK 47 Assault Rifle	9
26	Magazine for AK 47 (20 rounds)	9 ½'
27	Composition Notebook / Weston Camera / Panasonic Video Recorder / Argus Projector / Miscellaneous Books	5'
28	Two Sony Play Station 4's	4'

I then moved to bedroom #2 of the apartment. The bedroom was sparsely furnished, with a dresser along the wall and a single bed along the wall to the bathroom. Luggage and clothing was strewn about the opposite side of the bedroom. I observed a framed picture of Timothy McVeigh on the dresser. I observed two small crates of .223 ammunition on the bed, along with a cell phone and laptop. In the closet I observed a loaded shotgun. I removed three shotgun rounds from the weapon, making it safe (latex gloves were used). Inside the closet were multiple camouflage outfits, military style backpacks and Molle equipment. I also observed a military uniform hanging in the closet. CST's Kauffman and Moore set up evidence markers inside bedroom #2. The evidence was photographed and collected.

I conducted all evidentiary measurements for bedroom #2, using the threshold of the bedroom as the reference point

EVIDENCE MARKER #	EVIDENCE DESCRIPTION	APPROXIMATE DISTANCE FROM BEDROOM DOOR IN FEET
29	Dell Laptop / Mouse /Cords	10'
30	Samsung Smart Phone / .223 Ammo in Crates	11'
31	Duracell 32 GB Thumb Drive	11'
32	Mossberg 12 Gauge Shotgun	22'

I was contacted by FBI Special Agent, Chris Johnston. SA Johnston had secured some of the potentially radioactive material seized during the safety clearance of the residence. SA Johnston provided me a copy of the evidence transfer sheet declaring as much. A copy of the evidence transfer sheet has been attached to this investigation.

I completed the Medical Examiner forms for both Oneschuk and Himmelman. A scanned copy of each form has been attached to this investigation.

I cleared the scene at 1100 hours on 05/20/17.

05/23/17

I completed the search warrant return as well as a Motion to Seal the search warrant. The Motion to Seal was approved and singed by ASA R Gale.

05/25/17

The Motion to Seal the search warrant was reviewed and signed by the Honorable Daniel Perry. The search warrant return was completed on this date as well.

As of this date, I had no further involvement in this investigation.

I WAS ORIGINALLY DISPATCHED AT 2300 TO THE ABOVE LOCATION.

> AT THE ENTRY TO THE COMPLEX OFFICER COLUCCI RELEASED A PAIR OF BLACK BOOTS AND BROWN BELT TO ME AT 0000 HRS.

THE SCENE HAD NOT BEEN MADE SAFE SO I CLEARED THE CALL AT 0037 HRS. AND THE ITEMS WERE PLACED INTO THE EVIDENCE CLOSET.

BOOTS AND BELT RELEASED TO CST MOORE ON 05202017. SEE HER SUPPLEMENT FOR FURTHER INFORMATION ON EVIDENCE COLLECTED FROM SCENE.

Technician: [CST II A. KAUFMAN] Supervisor: [P. ROSIER]

LABORATORY REPORT
June 7, 2017

TO: Chief Eric Ward
Tampa Police Department
411 N Franklin Street
Tampa, FL 33602

ATTN: Det. K. Nightlinger

VICTIM(S): [redacted]

SUBJECT(S): Devon Shaun Arthurs

OFFENSE(S): Death Investigation
Hillsborough County
5/19/2017

FDLE NUMBER: 20170305429
SUBMISSION: 1 and 2
AGENCY NUMBER: 2017-260921

SUBPOENAS PERTAINING TO THIS CASE SHOULD REFER TO THE FDLE NUMBER.

James Kwong
Senior Crime Laboratory Analyst
Firearms Section

REFERENCE:

This report references evidence submitted to the Florida Department of Law Enforcement on May 26, 2017 and June 2, 2017 by K. Nightlinger. This report contains conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

Submission 1:

FDLE Item#	Agency Exhibit#	Description
1	1610149-49	One copper coated steel fragment
1	1610149-50	One fired bullet jacket fragment
1	1610149-51	One fired bullet
1	1610149-52	One fired bullet
2	1610155-5	Romarm/Cugir 7.62 x 39mm semi-automatic rifle, model WASR-10, with the serial number A1-52198-16 RO, and one attached leather sling

Service • Integrity • Respect • Quality

FDLE NUMBER: 20170305429 Submissions: 1 and 2

JK

FDLE Item#	Agency Exhibit#	Description
2	1610155-6	One unfired 7.62 x 39mm caliber cartridge
3	1610149-41	One fired 7.62 x 39mm caliber cartridge case
3	1610149-42A and 1610149-42B	Two fired 7.62 x 39mm caliber cartridge cases
3	1610149-43	One fired 7.62 x 39mm caliber cartridge case
3	1610149-44	One fired 7.62 x 39mm caliber cartridge case
3	1610149-45	One fired 7.62 x 39mm caliber cartridge case
3	1610149-46	One fired 7.62 x 39mm caliber cartridge case
3	1610149-47	One fired 7.62 x 39mm caliber cartridge case
3	1610149-48	One fired 7.62 x 39mm caliber cartridge case

Submission 2:

FDLE Item#	Agency Exhibit#	Description
4	1610149-38	One detachable box magazine

RESULTS:

The Exhibit #1610149-49 fragment is of no value for comparison to a specific firearm or fired bullet.

The Exhibit #1610149-50, #1610149-51, and #1610149-52 bullet jacket fragment/bullets **were fired from** the Exhibit #1610155-5 rifle.

The Exhibit #1610155-5 rifle was test fired using the Exhibit #1610149-38 magazine and laboratory ammunition. The trigger pull measured approximately four and three-quarter (4 ¾) to five (5) pounds.

The Exhibit #1610155-5 sling was not examined.

The Exhibit #1610155-6 unfired cartridge is suitable for use in the Exhibit #1610155-5 rifle and the Exhibit #1610149-38 magazine.

The Exhibit #1610149-41, #1610149-42A, #1610149-42B, and #1610149-43 through #1610149-48 cartridge cases **were fired in** the Exhibit #1610155-5 rifle. Images of Exhibit #1610149-42B were entered in and compared to NIBIN. No potential associations were made at this time. Your agency will be notified of any future results.

FDLE NUMBER: 20170305429 Submissions: 1 and 2

JK

REMARKS:

Test fires generated during analysis are being returned in FDLE Item #2.1.

The submitted exhibits will be transferred to the Evidence Section for return to your agency.

Questions regarding this report should be addressed to: jameskwong@fdle.state.fl.us.

TO: Chief Eric Ward
Tampa Police Department
411 N Franklin Street
Tampa, FL 33602

ATTN: Det. K. Nightlinger

VICTIM(S): [redacted]

SUBJECT(S): Devon Shaun Arthurs

OFFENSE(S): Death Investigation
Hillsborough County
5/19/2017

FDLE NUMBER: 20170305429
SUBMISSION: 3
AGENCY NUMBER: 2017-260921

SUBPOENAS PERTAINING TO THIS CASE SHOULD REFER TO THE FDLE NUMBER.

Carol A. Greenwell
Carol Greenwell
Senior Crime Laboratory Analyst
Biology Section

REFERENCE:

This report references evidence submitted to the Florida Department of Law Enforcement on June 29, 2017 by K. Nightlinger. This report contains conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

FDLE Item#	Agency Exhibit#	Description
5	1610149-23	book
6	1610164-1	blood staincard from Jeremy Himmelman
7	1610164-14	blood staincard from Andrew Oneschuk

RESULTS:

The book (Exhibit 1610149-23) gave chemical indications for the presence of blood.

Samples were collected from the book (Exhibit 1610149-23).

STR DNA analysis was performed on samples from the book (Exhibit 1610149-23), the blood staincard from Jeremy Himmelman (Exhibit 1610164-1) and the blood staincard from Andrew Oneschuk (Exhibit 1610164-14) utilizing the GlobalFiler PCR Amplification Kit.

Service • Integrity • Respect • Quality

CAG

blood staincard from Jeremy Himmelman (Exhibit 1610164-1)

A complete DNA profile consistent with a male individual was obtained from the blood staincard from Jeremy Himmelman (Exhibit 1610164-1).

blood staincard from Andrew Oneschuk (Exhibit 1610164-14)

A complete DNA profile consistent with a male individual was obtained from the blood staincard from Andrew Oneschuk (Exhibit 1610164-14).

book (Exhibit 1610149-23)

Complete DNA profiles consistent with a male individual were obtained from the book (Exhibit 1610149-23, Samples A, B and D). These DNA profiles are consistent with originating from the same male individual. These DNA profiles match the DNA profile from Jeremy Himmelman (Exhibit 1610164-1). The frequency of occurrence of the DNA profile obtained from the book (Exhibit 1610149-23, Samples A, B and D) for unrelated individuals is rarer than 1 in 700 billion.

The DNA results obtained from the book (Exhibit 1610149-23, Samples C and E) demonstrated the presence of mixtures of at least two individuals including at least one male individual. Complete DNA profiles for the major contributors could be determined. These major DNA profiles are consistent with originating from the same male individual. Contributions from one of the donors are suitable for comparison. The contribution of the additional donor(s) is limited and insufficient for comparison. These major DNA profiles match the DNA profile from Jeremy Himmelman (Exhibit 1610164-1). The frequency of occurrence of the major DNA profiles obtained from the book (Exhibit 1610149-23, Samples C and E) for unrelated individuals is rarer than 1 in 700 billion.

REMARKS:

The DNA profiles developed from the blood staincard from Jeremy Himmelman (Exhibit 1610164-1) and the blood staincard from Andrew Oneschuk (Exhibit 1610164-14) have been entered into CODIS.

Frequencies were calculated utilizing a validated statistical database (Forensic Science International Genetics, 7: e82-e83). The most common frequency from the Caucasian, African American (Blacks), or Hispanic populations is reported. The results of the gender markers were not used in the statistical calculations.

The submitted evidence, collected samples and DNA extracts are available for retrieval or return at the earliest opportunity. It is recommended that all DNA extracts be stored frozen.

Abbreviations that may appear in this report are: CODIS *Combined DNA Index System*; DNA *deoxyribonucleic acid*; PCR *Polymerase Chain Reaction*; STR *short tandem repeat*; Y-STR *male specific short tandem repeat*; FBI *Federal Bureau of Investigation*; and JFS *Journal of Forensic Sciences*.

Next of Kin Walter Oneschuk - Father - 122 Kendrick Road, - Wakefield, MA 01880-4377 - 781-587-0587

Terminal Event & Circumstances: Per Det. Sandel (TPD): the decedent is an 18 y/o male who resides with three roommates at the listed address in the Hamptons of Tampa Palms apartment complex. The roommates are reportedly members of an unspecified white supremacist group. On 5/19/17 at approximately 1700 hours, one of the roommates argued with the other roommates and multiple shots were fired at close range with an assault rifle. The decedent and another roommate (MEO case #17-03711) suffered GSWs to the head and upper torso. 911 was contacted, and his death was pronounced on 05/19/17 at 1755 hours. Dr. Rivers to scene.

Medical History: Per NOK: none

Social History: Per NOK: occasional smoker, occasional consumer of alcohol, no history of prescription medication abuse, suicidal thoughts, illicit drug use.

Tobacco Use: N

Me Entering Cause of Death: Selly Strauch Rivers, MD, Associate Medical Examiner

Date of Autopsy: 20-MAY-2017

ME Attending: Selly Strauch Rivers, MD, Associate Medical Examiner

Manner of Death: Homicide

Cause of Death: Gunshot Wounds to Head and Chest, with Perforation of Skull, Brain, Aorta, Spinal Cord, and Lungs

Contributory Cause: -

How Occurred: Decedent was shot multiple times by another person with a firearm.

Hospital Alcohol: -

HILLSBOROUGH COUNTY, FLORIDA

MEDICAL EXAMINER DEPARTMENT

REPORT OF SCENE INVESTIGATION

Decedent: Andrew Oneschuk *File:* 17-03708

Performed by:	Selly Strauch Rivers, M.D.	*Police Agency:*	Tampa Police Department
Location:	15350 Amberly Drive, Apt. 3723	*Lead Detective:*	Det. Knightlinger
Arrival:	20 May 2017 @ 0630 hrs	*Informant:*	Det. Knightlinger

Initial Background Information: The bodies of an 18-year-old man and his 22-year-old roommate (Case No. 17-03711) were found in the living room of their apartment complex at the Hamptons of Tampa Palms. The roommates were reportedly members of an unspecified white supremacist group. Four roommates shared the apartment, one of which was away on the weekend. On May 19, 2017 at approximately 1700 hours, one of the three remaining roommates had an argument with the other two roommates. He shot them multiple times with an assault rifle. The decedent and his roommate (17-03711) suffered multiple gunshot wounds to the head and upper torso. 911 was called and the decedent and his roommate were pronounced dead on the scene on May 19, 2017 at 1755 hours.

The decedent had no known past medical history. His past social history included occasional tobacco and ethanol use.

Environment: The early morning is sunny, humid and calm, at approximately 84° Fahrenheit. The scene consists of a large complex of numerous apartment buildings. The scene consists of a two-story apartment building, which one enters from the front door. Leading up from the front door are numerous carpeted steps which are covered with scattered debris, to include candy wrappers and pieces of metallic hardware. Upon entering the apartment, one is in the middle of a large open area to include the kitchen. A large assault rifle lies just in front of the stairs and the large common room, previously covered by a black and purple bed comforter. To the left is a bathroom and additional empty rooms. To the right is a small hallway, which opens into a small living room. The decedent and his roommate are within this small living room. The decedent's roommate is slumped backward on a futon, and the decedent is lying supine to the far left of the room, near the wall. The temperature of the apartment is warm. The entire apartment has a minimal amount of furniture, and has scattered debris.

Body: The body is lying supine, on the floor, wedged in between a wall and an air mattress that is on the floor, to the left of the decedent. Numerous shell casings are scattered on the floor of the room. A handgun lies on the air mattress, near the decedent's left hand. The decedent is wearing blue shoes, gray socks, a pair of khakis with a blue, red and black belt, and a white tee shirt. The body is warm with fully developed rigor mortis and has blanching pink lividity, consistent with its position. Numerous irregularly round defects, consistent with gunshot wounds, involve the decedent's head and upper torso. Blood spatter amd brain matter is on the walls and floor surrounding the decedent.

Per law enforcement, numerous handmade explosive devices had been previously removed from the apartment.

Actions Taken: The scene is photographed. Property on the decedent's person is turned over to law enforcement. The body is wrapped in a clean white sheet, paced in a body bag and transported to the Hillsborough County Medical Examiner's Department by the usual service.

Report of Diagnosis and Autopsy
on

Andrew Oneschuk

File 17-03708

OPINION

Final Diagnosis:

Intermediate range, gunshot wound of forehead, with exit
- No projectile or projectile particles recovered
- Skull fractures and brain lacerations

Indeterminate range, gunshot wound to left cheek, with exit
- No projectile or projectile particles recovered
- Skull fractures
- Brain lacerations and protrusion

Indeterminate range, gunshot wound of left upper arm, with exit
- No projectile or projectile particles recovered
- Perforation of left lung
- Perforation of thoracic vertebrae with transection of aorta and spinal cord
- Bilateral hemothoraces
- Right humeral fracture

Indeterminate range, gunshot wound of left upper abdominal quadrant, with re-entry and exit
- No projectile or projectile particles recovered
- Perforation of right lung
- Perforation of pericardial sac with hemopericardium
- Transection of right brachial artery
- Fracture of right radius
- Rib fractures

Graze wound of left side of neck

Indeterminate range, gunshot wound of left bicep, with exit
- Hemorrhage of superficial musculature

Graze wound of left chest

Cause of Death:

Gunshot wound to Head and Chest, with Perforation of Skull, Brain, Aorta, Spinal Cord, and Lungs

Manner of Death:

Homicide (Decedent was shot multiple times by another person with a firearm)

06/09/2017

Selly Strauch Rivers, M.D.,
Associate Medical Examiner

Date Signed

Death: 19 May 2017 at 1755 hrs
15350 Amberly Drive, Apt. 3723
Age: 18 years
Length and Weight: 6'00", 155 pounds

Autopsy: 20 May 2017
11025 North 46th St, Tampa
Performed by:
Selly Strauch Rivers,M.D.

DESCRIPTION OF AUTOPSY FINDINGS

EXTERNAL EXAMINATION: 20 May 2017 at 1200 hours

The body is that of a well-developed and nourished, slim adult man with normosthenic body habitus, appearing the above-stated length and weight, and compatible with the reported age.

Condition of the Body: The body is cool to touch, with fully developed rigor mortis. The livor mortis is fixed with digital pressure, red-pink, and extends over the posterior surfaces of the body, and rises to the posterior axillary lines. The body is neither decomposed, nor embalmed.

Head and Face: The scalp hair is straight, brown, and measures 3/4" in maximal length. Facial hair consists of a short brown beard and mustache.

Eyes: The irides are brown. The pupils have equal diameters. The corneae are translucent. The conjunctivae are pale and unremarkable, with no petechial hemorrhages. The sclerae are white.

Nose: The external nares contain non-occluding dried blood. The nasal skeleton is palpably intact.

Mouth: The lips have no injuries. The oral cavity has natural dentition in good repair and contains a minimal amount of red-tinged mucus. The oral mucosa has no injuries or hemorrhages, is unremarkable with intact frenula, and no petechial hemorrhages are in the oral vestibule. It is lined with clear mucus.

Ears: The external auditory canals contain liquid red blood.

Neck: The neck is symmetrical and unremarkable, and has no palpable masses or external injuries.

Chest: The thorax is well developed and symmetrical. No palpable masses are in the axillary regions.

Abdomen: The abdomen is flat, soft, and has no palpable masses.

External Genitalia: The external genitalia are those of a normal adult man, with no injuries. The testes are descended into the scrotal sac and palpably unremarkable.

Lower Extremities: The lower extremities are symmetrical and have no anatomic abnormalities. The anterior surfaces of the knees and shins have scattered small irregular scars.

Upper Extremities: The arms, forearms, wrists, and hands are unremarkable, except for in regions associated with recent trauma. The fingernails are intact.

Back: The back is unremarkable except as indicated. The anus has no abnormalities or external hemorrhoids.

Marks, Scars and Tattoos:

A 2" semilunar white scar is on the lower left abdominal quadrant.

Medical Therapy:

None.

Postmortem Radiographic Imaging:

Postmortem radiographs of the head and neck, chest, pelvis, abdomen, and upper extremities show minute irregular radiodense projectile particles scattered throughout the chest and the right arm. No radiodense projectiles are identified.

Clothing:

Worn on the decedent's upper torso in the usual fashion, is a white tee shirt. 2.5 centimeters below the superior seam of the left shoulder is a 4 x 2 centimeter irregularly round ragged defect, which most likely correlates to wound "H". No soot or bullet wipe surrounds this defect on visual inspection.

On the left side of the front panel of the shirt, 12 centimeters above the lower torso seam, is a 0.6 centimeter irregularly round defect with bullet wipe extending from the 1 to 7 o'clock position, most likely related to wound "L".

3 centimeters right of the left sleeve seam, on the front panel of the left side of the tee shirt, is a 3.0 x 1.5 centimeter irregular round ragged defect, with bullet wipe in the 6 o'clock position. Just superior to this irregularly round defect is an additional 1 x 1.5 centimeter irregularly round ragged defect, with no soot or bullet wipe. These two defects most likely correspond with the graze wound labeled

"K".

0.2 centimeters left of the left shirt sleeve seam on the front left panel of the tee shirt is a 1 centimeter irregularly round ragged defect with bullet wipe present from the 12 to 3 o'clock position. Immediately left and slightly superior to the aforementioned defect is a 1 x 0.5 centimeter irregularly round ragged defect, with bullet wipe present at the 3 to 6 o'clock position. These defects most likely correspond with the wound labeled "I".

0.3 centimeters left of the seam of the left sleeve on the front left panel of the tee shirt, and inferior to the two aforementioned ragged defects, is a 1 x 0.7 centimeter irregularly round ragged defect, with bullet wipe extending from the 5 to 8 o'clock position. This ragged defect most likely corresponds with the wound labeled "J".

Worn on the decedent's lower torso and lower extremities is a pair of black boxers, a pair of khaki pants with an affixed black, red and blue belt, two gray and blue socks, and two blue tennis shoes. No defects are present on these articles of clothing, as noted by visual inspection.

GUNSHOT WOUND OF FOREHEAD, COMBINED ENTRANCE- EXIT (KEYHOLE), WOUND "A":

1. On the right side of the forehead, 2-1/2" below the top of the decedent's head and 2" right of the facial midline, is a 1-1/4 x 1-1/4 irregularly ovoid combined entrance and exit ("keyhole")gunshot wound with a marginal abrasion extending from the 3 to the 6 o'clock position (Wound "A"). The lacerated parietal and frontal lobes of the brain are visualized and partly extruded from this keyhole defect. No soot, stippling, burned, or unburned gunpowder particles, or other injuries surround this combined entrance and exit gunshot wound. Internal beveling is present from the 3 to 6 o'clock position, and external beveling is present from the 9 to 3 o'clock position.

2. The projectile perforates the skin and subcutaneous tissue of the right side of the forehead. The projectile then perforates the frontal bone of the right side of the skull. The projectile then immediately exits through a combined entrance/exit (keyhole defect), on the upper aspect of the right side of the forehead/parietal region of the skull. The projectile perforates the skin and subcutaneous tissue of the right side of the forehead, and the right parietal region of

the scalp.

3. No projectile or projectile particles are recovered.

4. The trajectory is front to back with no left to right or upward or downward deviation.

5. Associated injuries include numerous fragments of the skull fractures embedded within the visualized brain matter. The right frontal and right parietal lobes of the brain are lacerated and are embedded with skull bone shards.

GUNSHOT WOUND OF LEFT CHEEK (WOUNDS "B" AND "1"):

1. On the left cheek, 4" below the top of the decedent's head, and 4-1/4" left of the decedent's facial midline, is a 2-3/4 x 1-1/2" irregular stellate entrance wound, with a 0.1 centimeter concentric abraded margin (Wound "B"). Numerous stretch lacerations radiate from the marginal abrasion. No soot, stippling, burned, or unburned gunpowder particles, or additional injuries are noted with this entrance gunshot wound.

2. The projectile perforates the skin, subcutaneous tissue, and musculature of the upper aspect of the left cheek. The projectile then perforates the left temporal bone of the skull and then into the left middle fossa of the skull base. The projectile then perforates and lacerates the left temporal, left parietal, right parietal, and right occipital lobes of the brain, sequentially. On the posterior aspect of the decedent's head, in the occipital region of the right side of the decedent's head, 6" below the top of the decedent's head and 1-3/4" right of the posterior midline of the decedent's head, is a 2-1/2 x 1-1/2 irregular stellate exit gunshot wound with bone shard and focal brain protrusion (protrusion of right occipital lobe) (Wound "1").

3. No projectile or projectile particles are recovered.

4. The trajectory of the decedent in the standard anatomical position, is front to back, left to right, and downward.

5. Associated injuries include comminuted displaced fractures of the right and left anterior, middle, and posterior fossa of the skull base, as well as radiating displaced fractures of the left temporal, parietal, and occipital portions of the skull. There is a large bone portion missing from the occipital region of the right side

of the head creating a visual skeletal deformity.

GUNSHOT WOUND OF LEFT UPPER ARM (WOUNDS "J" AND "C"):

1. On the anterior aspect of the upper left arm, 14-1/2" below the top of the decedent's head, and 8-1/2" left of the midline of the chest, is a 0.5 centimeter entrance gunshot wound with a marginal abrasion extending 0.3 centimeters from the 3 to 6 o'clock position, labeled Wound "J". No soot, stippling, burned, or unburned gunpowder particles, or other injuries surround this entrance gunshot wound.

2. The projectile perforates the skin, subcutaneous tissue, and deep musculature of the left upper arm (the left humerus is not involved). The projectile then perforates the musculature of the lateral aspect of the left 3rd intercostal space. The projectile then perforates the upper left lung lobe. The projectile then perforates the body of the 6th thoracic vertebrae, trasecting the spinal cord and the aorta associated with this region. The projectile then perforates the lateral posterior aspect of the right 2nd intercostal space. The projectile then perforates the deep musculature of the right bicep, and the anterior superior aspect of the right humeral head, subsequently fracturing the bone in this region. The projectile then perforate the skin and subcutaneous tissue of the superior aspect of the right shoulder. On the right shoulder, 2" below the right humeral head and 4-1/2" right of the anterior midline of the arm, is a 1 x 1/4" irregularly round defect with a 0.1 centimeter concentric abrasion, labeled Wound "C".

3. No projectile or projectile particles are recovered.

4. The trajectory is front to back, left to right, and upward with the body in the standard anatomical position.

5. Associated injuries include a 700 milliliter right hemothorax and a 600 milliliter left hemothorax, as well as hemorrhage within the wound track. Other associated injuroes include comminuted displaced fractures of a partial portion of the right humeral head with bone shards displaced into the surrounding soft tissues.

GUNSHOT WOUND OF LEFT UPPER ABDOMINAL QUADRANT (WOUNDS "L", "F", "E", "D"):

1. On the upper left abdominal quadrant, 21" below the top

of the decedent's head, and 2-1/2" left of the abdominal midline, is a 0.7 x 0.5 centimeter irregularly round entrance gunshot wound with a concentric marginal abrasion which extends 1.0 centimeter at the 5 o'clock position, (labeled wound "L"). No soot, stippling, burned, or unburned gunpowder particles, or other injuries surround this entrance gunshot wound.

2. The projectile perforates the skin and subcutaneous tissue of the left upper abdominal quadrant. The projectile then perforates the musculature of the anterior aspect of the 5th left intercostal space, subsequently fracturing the inferior aspect of the left 5th rib. The projectile then perforates the anterior aspect of the pericardial sac, creating a 50 milliliter hemopericardium. The projectile then perforates the upper right lung lobe. The projectile then perforates the lateral aspect of the right 3rd intercostal space. On the right 3rd intercostal space, 16" below the top of the decedent's head and 9-3/4" right of the midline of the chest, is a gaping, 1-1/2 x 1" exit gunshot wound with a 1/2" extension of an abrasion at the 6 o'clock position (labeled wound "F").

3. Re-entry: On the anteromedial aspect of the right upper arm, 16" below the top of the decedent's head and on the anterior midline of the right arm, is a 2" irregularly round defect with a marginal abrasion that extends 1" at the 5 o'clock position (labeled wound "E"). No soot, stippling, burned, or unburned gunpowder particles, or other injuries surround this re-entrance gunshot wound. The projectile perforates the skin and subcutaneous tissue of the right bicep. The projectile then perforates the superficial and deep musculature of the right arm, transecting the midsection of the brachial artery. The projectile then perforates and fractures the proximal aspect of the right radial bone. The projectile then perforates the posterior aspect of the right forearm. On the posterior aspect of the right forearm, 14-1/2" below the right humeral head, and 3/4" left of the posterior midline, is a 0.5 centimeter irregularly round exit gunshot wound (labeled wound "D").

4. No projectile or projectile particles are recovered.

5. The trajectory with the decedent in the standard anatomical position, is left to right, front to back, and slightly upward.

6. Associated injuries include hemorrhage of the wound track, fracturing of the inferior aspect of the 5th left rib,

fracturing of the lateral aspect of the 3rd and 4th right ribs, transection of the brachial artery of the right arm, with marked hemorrhage, and a displaced comminuted fracture with the proximal portion of the right radius, with bone shards splintered into the surrounding soft tissues.

GRAZE OF LEFT NECK (WOUND "G"):

1. On the left side of the neck, 6-1/2" below the top of the decedent's head, and 6" left of the anterior face midline, is a 3 x 1" ovoid dry graze wound with a concentric, 0.2 centimeter abrasion. A 0.5 centimeter skin tag is at the 12 o'clock position, pointing towards the 7 o'clock position.

2. The trajectory with the decedent in the standard anatomical position, is front to back and upward with no right or left deviation.

GUNSHOT WOUND OF LEFT BICEP (WOUNDS "I" AND "H"):

1. On the anterior aspect of the left bicep, 13" below the top of the decedent's head, and 8-3/4" left of the anterior chest midline, is a 0.6 centimeter irregularly round entrance gunshot wound with a concentric, 0.1 centimeter marginal abrasion which extends to 1.0 centimeter from the 6 to 7 o'clock position, (labeled wound "I"). No soot, stippling, burned, or unburned gunpowder particles, or other injuries surround this entrance gunshot wound.

2. The projectile perforates the skin and subcutaneous tissue of the anterior aspect of the left bicep. The projectile then perforates the superficial musculature of the left bicep and anterior aspect of the left shoulder. The projectile then perforates the skin and subcutaneous tissue of the anterior, superior aspect of the left shoulder. On the anterior, superior aspect of the left shoulder, 6-1/4" left of the chest midline and on the most superior portion of the shoulder, is a 1-1/2 x 1" irregularly ovoid exit gunshot wound with a 0.2 centimeter abrasion at the 6 to 9 o'clock position and at the 3 to 5 o'clock position, (labeled wound "H").

3. No projectile or projectile particles are recovered.

4. The trajectory with the decedent in the standard anatomical position, is left to right, front to back, and upward.

5. Associated injuries include hemorrhage of the wound track.

GRAZE WOUND OF LEFT CHEST (WOUNDS "K"):

1. On the anterior aspect of the left side of the chest, 14" below the top of the decedent's head, and 6-1/2" left of the chest midline, is a 1 x 1/4" ovoid, near vertical, dry grazed wound with a 0.2 centimeter concentric abrasion, (labeled wound "K"). No soot, stippling, burned, or unburned gunpowder particles, or other injuries surround this graze wound.

2. No trajectory is discernible.

Having been described, the injuries will not be repeated.

INTERNAL EXAMINATION: 20 May 2017 at 1300 hours

Body Cavities: The panniculus adiposis is 0.9 centimeters. The right pleural cavity contains 700 milliliters of partially clotted and liquid red blood and has no unusual adhesions. The left pleural cavity has 600 milliliters of partially clotted and predominantly liquid red blood and no unusual adhesions. The abdominal cavity contains no unusual fluid collections or adhesions. All body organs are present in the normal and anatomical position.

Head: The galeal aponeurosis is unremarkable except as indicated. The vault and the base of the skull have numerous fractures as described. The dura mater and the falx cerebri are focally intact. The lacerated brain weighs 1,300 grams and has a symmetrical cerebral hemisphere secondary to recent trauma. The external surfaces of the brain are not edematous. The arachnoid membrane is thin and delicate with congested arachnoid vessels. The cranial nerves are intact. The cerebral arteries have no significant atherosclerosis or other abnormalities. Cut surfaces of the lacerated cerebral hemispheres, brainstem, and cerebellum reveal no non-traumatic lesions. The cerebral ventricles are distorted secondary to recent trauma.

Neck: The soft tissues of the neck, including the strap muscles, thyroid gland, and large vessels, reveal no abnormalities. The hyoid bone and larynx are intact and not fractured. The lingual mucosa is intact; the underlying firm red-brown musculature is devoid of hemorrhage.

Cardiovascular: The heart weighs 320 grams (expected heart weight, 280 grams). The aorta and its major branches arise normally and follow the usual course and are widely patent, and free of significant atherosclerosis or other abnormality. The vena cava and its major tributaries return to the heart in the usual distribution and are free of thrombi. The large vessels are collapsed and contain a minimal amount of liquid red blood.

The pericardial surfaces are smooth, glistening and focally intact, except for in regions associated with recent trauma. The pericardial sac contains 50 milliliters of liquid red blood and has no unusual adhesions. The coronary arteries arise normally and follow the usual distribution of a right-dominant pattern. The chambers and valves bear the usual size-position relationships and are unremarkable. The circumference of the valves is as follows: tricuspid 10.0 centimeters; pulmonic 7.2 centimeters; mitral 10.2 centimeters; aortic 7.0 centimeters. The myocardium is dark red-brown, firm, and unremarkable; the atrial and ventricular septa are intact. The thickness of the walls of the heart is as follows: left ventricle is 1.2 centimeters, the interventricular septum is 1.0 centimeters, and the right ventricle is 0.2 centimeters. The endocardium is translucent and smooth.

Pulmonary: The right lung weighs 300 grams. The left lung weighs 250 grams. The upper airway contains a minimal amount of liquid red blood. The mucosal surfaces are smooth, yellow-tan, and unremarkable. The pleural surfaces are smooth, glistening and focally intact, except for in regions associated with recent trauma. The lobar divisions are of the usual configuration. The pulmonary parenchyma is dark red-purple exuding mild to moderate amounts of blood and frothy fluid; no focal lesions are noted. The bronchioles have a tan-pink lumen and are lined by red-tinged fluid. The pulmonary arteries are normally developed, patent, and have no thrombus or embolus.

Liver and Biliary System: The liver weighs 1,350 grams. The hepatic capsule is smooth, glistening and intact, covering red-brown parenchyma, with no focal lesions noted. The portal vein and its tributaries are unremarkable. The gallbladder contains a measured 12 milliliters of slightly mucoid gray bile; the mucosa is velvety and unremarkable. The extrahepatic biliary tree is patent, without calculi.

Digestive: The esophagus is lined by gray-white, smooth mucosa. The gastric mucosa has postmortem loss of the usual rugal folds, and contains 100 milliliters of viscous, tan fluid without any identifiable food particles. The serosa of the small and large bowels is unremarkable. The appendix is present. The pancreas is lobulated, gray-white, and the ducts are unobstructed.

Genitourinary Tract: The right kidney weighs 120 grams. The left kidney weighs 120 grams. The renal capsules are smooth and thin, semi-transparent, and strip with ease from the underlying, smooth, red-brown, firm cortical surface. The cortex is sharply delineated from the medullary pyramids, which are red to purple to tan and unremarkable. The calyces, pelves, and ureters are unremarkable. The urinary bladder has gray-tan, smooth mucosa and contains 80 milliliters of dark yellow urine. The relationships at the trigone are unremarkable.

The bilaterally descended testes are of normal size and consistency. The prostate is not enlarged. Cut surface of the prostate is smooth and tan-white.

Reticuloendothelial System: The spleen weighs 150 grams. The spleen has a smooth, intact capsule covering red-purple, firm parenchyma; the lymphoid follicles are unremarkable. The regional lymph nodes appear normal. The bone marrow is red-purple and homogeneous, without focal abnormality.

Endocrine System: The pituitary, thyroid, and adrenal glands are unremarkable.

Musculoskeletal System: The bony framework, supporting musculature, and soft tissues are not unusual, except for in regions associated with recent trauma.

SSR:kr 05/22/17

MICROSCOPIC DESCRIPTION

Heart, Left Ventricle: The heart does not reveal any fatty infiltration, inflammation, fibrosis, hemorrhage, necrosis, or myocyte disarray.

Liver: Mild macrovesicular steatosis is present within the hepatocytes of the liver (less than 5% of hepatocytes involved), consistent with mild steatosis. The remainder of the hepatic parenchyma is without significant inflammatory infiltrate, fibrosis, or malignancy.

Lung: The lungs exhibit diffuse red blood cells and pneumocytes in the alveolar spaces. Rare anthracotic pigment is identified within the alveolar walls. The bronchioles contain extravasated red blood cells and sloughed respiratory cells. Diffuse marked atelectasis is present.

Terminal Event & Circumstances	Per Det. Sandel (TPD): the decedent is a 22 y/o male who resides with three roommates at the listed address in the Hamptons of Tampa Palms apartment complex. The roommates are reportedly members of an unspecified white supremacist group. On 5/19/17 at approximately 1700 hours, one of the roommates argued with the other roommates and multiple shots were fired at close range with an assault rifle. The decedent and another roommate (MEO case #17-03708) suffered GSWs to the head and upper torso. 911 was contacted, and his death was pronounced on 05/19/17 at 1755 hours. Dr. Rivers to scene.
Medical History	Per NOK: "bad liver", unspecified mental disorders
Social History	Per NOK: heavy consumer of alcohol, hx of tobacco use (unknown quantity), no hx of illicit drug use or prescription medication abuse, hx of previous suicide attempt
Tobacco Use	N
Preliminary Meds	Per NOK: unspecified medications for management of depression

MEDICAL EXAMINER DEPARTMENT

REPORT OF SCENE INVESTIGATION

Decedent: Jeremy Himmelman *File:* 17-03711

Performed by:	Selly Strauch Rivers, M.D.	*Police Agency:*	Tampa Police Department
Location:	15350 Amberly Drive, Apt.3723	*Lead Detective:*	Det. Knightlinger
Arrival:	20 May 2017 @ 0630 hrs	*Informant:*	Det. Knightlinger

Initial Background Information: The bodies of the decedent, a 22-year-old man, and his 18-year-old roommate (Case No. 17-03708) were found in the living room of their apartment complex at the Hamptons of Tampa Palms. The roommates were reportedly members of an unspecified white supremacist group. Four roommates shared the apartment, one of which was away on the weekend. On May 19, 2017 at approximately 1700 hours, one of the remaining three roommates reportedly got into an argument with the two other roommates, shooting them multiple times with an assault rifle. The decedent and his roommate (17-03708) suffered multiple gunshot wounds to the head and upper torso. 911 was called and the decedent and his roommate were pronounced dead on the scene on May 19, 2017 at 1755 hours.

The decedent has a past medical history of an unspecified liver issue, and unspecified mental disorders. The decedent's past social history includes heavy alcohol use, and tobacco use.

Environment: The early morning is sunny, humid and calm, at approximately 84° Fahrenheit. The scene consists of a large complex of numerous apartment buildings. The scene consists of a two-story apartment building, which one enters from the front door. Leading up from the front door are numerous carpeted steps which are covered with scattered debris, to include candy wrappers and pieces of metallic hardware. Upon entering the apartment, one is in the middle of a large open area to include the kitchen. A large assault rifle lies just in front of the stairs and the large common room, previously covered by a black and purple bed comforter. To the left is a bathroom and additional empty rooms. To the right is a small hallway, which opens into a small living room. The decedent and his roommate are within this small living room. The decedent's roommate is lying supine to the far left of the room, near the wall, and the decedent is seated on a futon. The temperature of the apartment is warm. The entire

apartment has a minimal amount of furniture, and has scattered debris.

Body: The body of the decedent is slumped in a reclined supine position on the far left edge of a futon. The decedent is clad in dark black gym shorts, a black tee shirt, and black socks and tennis shoes. The body is warm with fully developed rigor mortis and blanching pink lividity, consistent with its position. Numerous irregularly round defects are present in the neck region and head of the decedent, consistent with gunshot wounds. On the wall behind the decedent's head is blood spatter, along with an ample amount of brain matter.

Per law enforcement, numerous handmade explosive devices had been previously removed from the apartment.

Actions Taken: The scene is photographed. Property on the decedent's person is turned over to law enforcement. The body is wrapped in a clean white sheet, paced in a body bag and transported to the Hillsborough County Medical Examiner's Department by the usual service.

Report of Diagnosis and Autopsy
on

Jeremy Himmelman

File 17-03711

OPINION

Final Diagnosis:

Indeterminate range gunshot wound of left temple
- Skull fractures with brain lacerations and partial avulsion
- No projectile or projectile particles recovered

Indeterminate range gunshot wound of left cheek, with exit
- Skull fractures with brain laceration and partial extrusion
- No projectile or projectile particles recovered

Indeterminate range gunshot wound of neck, with exit
- Perforation of trachea, left lung, and aorta
- Left hemothorax and hemoaspiration
- No projectile or projectile particles recovered

Hypertensive heart disease
- Left ventricular hypertrophy

Hepatic steatosis

Cause of Death:

Gunshot Wounds to Head and Chest, with Perforation of Skull, Brain, Lung, and Aorta

Manner of Death:

Homicide (Decedent was shot multiple times with a firearm by another individual)

06/09/2017

Selly Strauch Rivers, M.D., Date Signed
Associate Medical Examiner

Death: 19 May 2017 at 1755 hrs 15350 Amberly Dr *Age:* 22 years *Length and Weight:* 6'01", 240 pounds	*Autopsy:* 20 May 2017 11025 North 46th St, Tampa *Performed by:* Selly Strauch Rivers,M.D.

DESCRIPTION OF AUTOPSY FINDINGS

Det. Seckley, from the Tampa Police Department, and the Crime Scene Photographer, Ms. Pogorzala, are present for the entirety of the autopsy.

EXTERNAL EXAMINATION: 20 May 2017 at 1000 hours

The body is that of a well-developed and nourished, adult man with normosthenic body habitus, appearing the above-stated length and weight, and compatible with the reported age.

Condition of the Body: The body is cool to touch, with fully developed rigor mortis. The livor mortis is fixed with digital pressure, red-pink, and extends over the posterior surfaces of the body, and rises to the posterior axillary lines. The body is neither decomposed, nor embalmed.

Head and Face: The scalp hair is straight, brown, and measures 1" in maximal length. Facial hair consists of a short brown beard and mustache.

Eyes: The irides are green. The pupils have equal diameters. The corneae are translucent. The conjunctivae are pale and unremarkable, with no petechial hemorrhages. The sclerae are white.

Nose: The external nares contain non-occluding dried blood. The nasal skeleton is palpably intact.

Mouth: The lips have no injuries. The oral cavity has natural dentition in good repair. The oral mucosa has no injuries or hemorrhages, is unremarkable with intact frenula, and no petechial hemorrhages are in the oral vestibule. It is lined with red-tinged mucus.

Ears: The external auditory canals contain liquid red blood. The earlobes have oblique creases.

Neck: The neck is symmetrical and unremarkable, and has no palpable masses or external injuries.

Chest: The thorax is well developed and symmetrical. No palpable masses are in the axillary regions.

Abdomen: The abdomen is flat, soft, and has no palpable masses.

External Genitalia: The external genitalia are those of a normal adult man, with no injuries. The testes are descended into the scrotal sac and palpably unremarkable.

Lower Extremities: The lower extremities are symmetrical and have no anatomic abnormalities. The anterior surfaces of the knees and shins have scattered small irregular scars. A 1/8" round dry red abrasion with white indurated borders is on the anterior aspect of the right lower extremity. A 5 x 4 centimeter circular, near-confluent brown contusion with a green periphery, (most likely consistent with a bite mark) is on the posterior aspect of the left knee, just superior to the left popliteal fossa.

Upper Extremities: The arms, forearms, wrists, and hands are unremarkable. The fingernails are intact.

Back: The back is unremarkable except as indicated. The anus has no abnormalities or external hemorrhoids.

Marks, Scars and Tattoos:

Four tattoos of a heart shape is on the anterior lateral aspect of the left thigh. A tattoo of a yellow duck is on the anterior lateral aspect of the right thigh. A tattoo of the Roman numeral thirteen is on the left lateral malleolus. A 4 x 3" brown macule with irregular borders is on the upper aspect of the right side of the back.

Medical Therapy:

None.

Postmortem Radiographic Imaging:

Postmortem radiographs of the head and neck, chest, abdomen, and pelvis (anterior posterior view) are performed. There are numerous comminuted and displaced fractures of the calvarium and base of the skull. No radiodense projectiles or projectile particles are identified.

Clothing:

Worn over the decedent's upper torso in the usual fashion, is a black tee shirt, with partially dried and predominantly liquid red blood, as well as brain matter. On the front panel, on the collar, just left to the midline, is a 1/4" irregularly round ragged defect. No soot is visualized on visual inspection. This ragged defect most likely corresponds with the gunshot entrance wound labeled "D". On the back panel of the tee shirt, 4" below the superior seam of the left sleeve, is a 1" irregularly round ragged defect. No soot is identified on visual inspection. This irregularly round

ragged defect most likely corresponds with the exit gunshot wound labeled "2". Worn on the decedent's lower torso is a pair of camouflage pattern boxers, black gym shorts, one black Nike tennis shoe (right foot), and one black sock. No defects are noticed upon visual inspection of the black Nike tennis shoe, sock, gym shorts, or boxers.

GUNSHOT WOUND OF LEFT TEMPLE (GUNSHOT WOUNDS "A" AND "C"):

1. On the left temple region of the decedent's head, 5" below the top of the decedent's head and 5-1/2" left of the facial midline, is a 0.6 x 0.5 centimeter irregularly round entrance gunshot wound with a 0.1 centimeter concentric red dried marginal abrasion, (Gunshot Wound "A"). No soot, stippling, burned, or unburned gunpowder particles or other injuries surround this entrance gunshot wound.

2. The projectile perforates the skin, subcutaneous tissue, and musculature in the region of the left temple of the decedent's head. The projectile then perforates the temporal bone of the left side of the decedent's skull. The projectile then perforates and lacerates the left temporal and parietal lobes of the brain. The projectile then perforates and lacerates the right parietal, temporal, and occipital lobes of the brain. The projectile then perforates and fractures the frontal, temporal, parietal and a portion of the occipital skull bones of the right side of the head, creating a large defect with partial avulsion of the brain. A 4 x 3" large gaping stellate exit gunshot wound embedded with skull fragments is on the right parietal, temporal, and occipital portion of the decedent's head. This large defect is on the superior most aspect of the decedent's head, and 1/2" right of the facial midline, (Wound "C").

3. No projectile or projectile particles are recovered.

4. The trajectory, with the decedent in the standard anatomical position, is left to right, front to back, and downward.

5. Associated injuries include a subdural hematoma (the majority of which cannot be measured, secondary to the large defect in the skull allowing the majority of the subdural hematoma to be exsanguinated at the scene).

Other associated injuries include comminuted displaced fractures of the right temporal, parietal, occipital, and frontal bones of the skull (some of which are unable to be recovered). The brain is markedly lacerated and a portion of

it is avulsed, and was recovered from the scene. There are comminuted displaced fractures of the anterior, middle, and posterior fossa of the right and left side of the skull base.

GUNSHOT WOUND OF LEFT CHEEK (WOUNDS "B" AND "1"):

1. On the decedent's left cheek, 7-1/2" below the top of the decedent's head, and 2-1/2" left of the facial midline, is a 0.6 x 0.5 centimeter irregularly round entrance gunshot wound with a 0.2 centimeter concentric dry red marginal abrasion (labeled Wound "B"). No soot, stippling, burned, or unburned gunpowder particles or other injuries surround this entrance gunshot wound.

2. The projectile perforates the skin and subcutaneous tissue of the decedent's left cheek. The projectile then perforates the midline of the decedent's soft palate in the oral cavity. The projectile then perforates and fractures the decedent's skull base. The projectile then perforates and lacerates the left and right parietal and occipital lobes. On the occipital region of the right side of the head, 3" below the top of the decedent's head, 1-1/2" right of the posterior midline of the decedent's head, is a 5 x 2 centimeter open, gaping stellate exit gunshot wound (Wound "1").

3. No projectile or projectile particles are recovered.

4. The trajectory, with the decedent in the standard anatomical position, is left to right, front to back, and downward.

5. Associated injuries include a subdural hematoma, as previously described above, laceration of the right and left parietal and occipital lobes of the brain with partial extrusion of the brain matter.

Additional associated injuries include comminuted displaced fractures of the right and left anterior middle and posterior fossa of the skull base, and the occipital skull bones of the right and left side of the head, and the parietal bone of the right side of the skull.

GUNSHOT WOUND OF NECK (WOUNDS "D" AND "2"):

1. On the anterior aspect of the neck, 12-1/2" below the top of the decedent's head, and 1-1/2" right of the anterior midline of the neck, is a 0.9 x 0.6 centimeter irregularly round entrance gunshot wound with a concentric, 0.1 centimeter red dried marginal abrasion (labeled, Wound "D").

No soot, stippling, burned, or unburned gunpowder particles surround this entrance gunshot wound.

2. The projectile perforates the skin and subcutaneous tissue of the anterior aspect of the neck. The projectile then perforates the anterior aspect of the trachea. The projectile then perforates the ascending arch of the aorta. The projectile then perforates the left upper lung lobe, creating a 100 milliliter left hemothorax. The projectile then perforates the musculature, skin and subcutaneous tissue of the upper aspect of the left side of the back, 11" below the top of the decedent's head, and 5" left of the posterior midline of the back, is a 2 x 1-1/2" ovoid, gaping irregular exit gunshot wound with a moist red marginal abrasion which extends 1/2" at the 6 to 12 o'clock positions (Wound "2").

3. No projectile or projectile particles are recovered.

4. The trajectory, with the decedent in the standard anatomical position, is right to left, front to back, and downward.

5. Associated injuries include hemorrhage of the wound track, hemoaspiration, a left hemothorax, and a comminuted displaced fracture of the superior aspect of the 3rd left rib.

Having been described, the injuries will not be repeated.

INTERNAL EXAMINATION: 20 May 2017 at 1030 hours

Body Cavities: The panniculus adiposis is 4.6 centimeters. The right pleural cavity contains a minimal amount of liquid red blood and no adhesions. The left pleural cavity contains 100 milliliters of predominantly liquid red blood and no unusual adhesions. The abdominal cavity contains no unusual fluid collections or adhesions. All body organs are present in the normal and anatomical position.

Head: The galeal aponeurosis is unremarkable except as indicated. The vault and the base of the skull have fractures as described. The dura mater and the falx cerebri are focally intact. The lacerated brain weighs 500 grams (brain matter collected from the area surrounding the decedent at the crime scene is submitted separately, and weighs 570 grams). The cerebral hemispheres are symmetrical and markedly lacerated. The arachnoid membrane is thin and delicate with congested arachnoid vessels. The cranial nerves are no longer intact. The portion of the cerebral arteries able to be examined have no significant atherosclerosis or other abnormalities. Cut

surfaces of the cerebral hemispheres, brainstem, and cerebellum reveal no non-traumatic lesions. The cerebral ventricles are obliterated secondary to recent trauma.

Neck: The soft tissues of the neck, including the strap muscles, thyroid gland, and large vessels, reveal no abnormalities, except for in regions associated with recent trauma. The hyoid bone is intact. The lingual mucosa is intact with underlying firm red-brown musculature.

Cardiovascular: The heart weighs 460 grams (expected heart weight, 333-408 grams). The aorta and its major branches arise normally, follow the usual course and are widely patent, and free of significant atherosclerosis or other abnormality. The vena cava and its major tributaries return to the heart in the usual distribution and are free of thrombi. The large vessels are collapsed and underfilled and contain a minimal amount of liquid red blood.

The pericardial surfaces are smooth, glistening and intact, and the pericardial sac is free of adhesions. The coronary arteries arise normally and follow the usual distribution of a right-dominant pattern and are widely patent without significant atherosclerosis or thrombi. The chambers and valves bear the usual size-position relationships and are unremarkable. The circumference of the valves is as follows: tricuspid 10.8 centimeters; pulmonic 7.6 centimeters; mitral 10.2 centimeters; aortic 7.0 centimeters. The myocardium is dark red-brown, firm, and unremarkable; the atrial and ventricular septa are intact. The thickness of the walls of the heart is as follows: left ventricle is 1.4 centimeters, the interventricular septum is 1.4 centimeters, and the right ventricle is 0.3 centimeters. The endocardium is translucent and smooth.

Pulmonary: The right lung weighs 520 grams. The left lung weighs 330 grams. The upper airway contains a minimal amount of liquid red blood. The mucosal surfaces are smooth, yellow-tan, and unremarkable. The pleural surfaces are smooth, glistening, and unremarkable. The lobar divisions are of the usual configuration. The pulmonary parenchyma is dark red-purple exuding moderate amounts of blood and frothy fluid; no focal lesions are noted. The pulmonary parenchyma of the upper lung lobe reveals a biphasic pink and dark purple pattern, consistent with hemoaspiration. The bronchioles have a tan-pink lumen and are lined by red-tinged fluid. The pulmonary arteries are normally developed, patent, and have no thrombus or embolus.

Liver and Biliary System: The liver weighs 1,220 grams. The hepatic capsule is smooth, glistening and intact, covering red-brown parenchyma, with no focal lesions noted. The portal vein and its tributaries are unremarkable. The gallbladder contains a measured 12 milliliters of slightly mucoid amber bile; the mucosa is velvety and unremarkable. The extrahepatic biliary tree is patent, without calculi.

Digestive: The esophagus is lined by gray-white, smooth mucosa. The gastric mucosa has postmortem loss of the usual rugal folds, and the lumen contains 200 milliliters of viscous, tan liquid without any identifiable food particles. The serosa of the small and large bowels is unremarkable. The appendix is present. The pancreas is lobulated, gray-white, and the ducts are unobstructed.

Genitourinary Tract: The right kidney weighs 130 grams. The left kidney weighs 150 grams. The renal capsules are smooth and thin, semi-transparent, and strip with ease from the underlying, smooth, red-brown, firm cortical surface. The cortex is sharply delineated from the medullary pyramids, which are red to purple to tan and unremarkable. The calyces, pelves, and ureters are unremarkable. The urinary bladder has gray-tan, smooth mucosa and contains a measured 50 milliliters of dark yellow urine. The relationships at the trigone are unremarkable.

The bilaterally descended testes are of normal size and consistency. The prostate is not enlarged. Cut surface of the prostate is smooth and tan-white.

Reticuloendothelial System: The spleen weighs 250 grams. The spleen has a smooth, intact capsule covering red-purple, soft parenchyma; the lymphoid follicles are unremarkable. The regional lymph nodes appear normal. The bone marrow is red-purple and homogeneous, without focal abnormality.

Endocrine System: The pituitary, thyroid, and adrenal glands are unremarkable.

Musculoskeletal System: The bony framework, supporting musculature, and soft tissues are not unusual, except for in regions associated with recent trauma.

SSR:kr 05/22/17

MICROSCOPIC DESCRIPTION

Heart, Left Ventricle: Sections of the heart show mild interstitial and perivascular fibrosis with hypertrophied myocytes.

Liver: Mild macrovesicular steatosis is present within the hepatocytes of the liver (less than 25% of hepatocytes involved), consistent with mild steatosis. The remainder of the hepatic parenchyma is without inflammatory infiltrate, fibrosis, or malignancy.

Lung: The lungs exhibit red blood cells and pneumocytes in the alveolar spaces. Anthracotic pigment and vascular congestion are identified within the alveolar walls. The bronchioles contain sloughed respiratory cells. Diffuse marked atelectasis is present.

Document: **SUPPLEMENTAL**
Author: **43468 - CLIFFORD, ROBERT W**
Related date/time: **May-19-2017 (Fri.) 1815**

On 5/19/17 at approximately 1815 hrs I responded to 15350 Amberly Dr. Building 37 #D, in reference to a double homicide where items were observed that might be conducive to a clandestine drug or explosive lab. This information was given to me by Acting Bomb Squad Commander, Sgt M Maziarz.

Upon my arrival I met with Homicide Det K Nightlinger and ROC Officer C LaFramboise. LaFramboise explained that during an initial sweep of the apartment for victims/suspects he observed many white supremacy type items, military gear and also items that he thought might be used in either bomb making or clandestine lab operations (bulk batteries, matches, etc). LaFramboise gave a detailed account of what he observed and the lay out of the apartments interior. He added that though he is not an expert on explosives or clandestine labs, but he felt that through his training and experience he has been taught to be aware of this type of environment.

A short time later and prior to entering into the apartment, I was advised by Detective Nightlinger that according to Brandon Russell (who also lives in the apartment) that there were in fact items of concern inside the apartment, most of which would be found in the garage. The following items were named: Thorium (radioactive metal), HMTD (hexamethylene triperoxide diamine: homemade high explosive), rocket fuel (solid form), potassium chlorate (hme precursor), and possibly some other types of rocket propellants. I was told that Russell said he uses these items for making model rockets.

I relayed this information to Cpl W Logan (TPD Bomb Tech), MPO J Ward (TPD Bomb Tech) and SABT C Franks (FBI Bomb Tech) who were also en route to this location.

TFR HAZ MAT and I then conducted radiological readings/testing of the entire exterior of the building and found no abnormal/high readings.

Upon the arrival of the other Bomb Squad members, it was decided that a warrantless entry would be made for the purpose of public safety, due to the potential hazard and unknown amount of the HMTD.

At approximately 2127 hrs entry was made into the residence to check for any explosive/hazardous items or materials. The entry team consisted of MPO J Ward, SABT C Franks, and Det K Nightlinger (not a Bomb Technician) and

myself. Entry was made in tactical vests and helmets and my PRD (personal radiation detector) was worn. Det Nightlinger trailed us and was to take photographs along the way. This was done so that the scene could be photographed before Bomb Squad members disturbed anything. Upon entry we immediately came into contact with a back pack that contained numerous electric matches and an IED (small pipe bomb type device). We then entered the garage and located three radioactive items (PRD activation / CPS set at 100) and three containers of concern (a cooler taped closed, a green military transportation container, and a large glass jar filled with an unknown white powder). There were also a large quantity of explosive precursors (iron oxide, potassium chlorate) that were found in the garage. We conducted x-ray diagnostics (nano system) of the items which appeared to contain items of concern. In the cooler numerous vials with unknown powder were observed while the military container had another suspected IED.

We then moved upstairs to sweep the living area of the residence for other explosive/hazardous items or materials. I did not locate any items of concern at this time.

Sgt Seal, MPO Ward and I went back into the garage in an attempt to identify the radioactive isotopes. We utilized the following equipment: a RIID (radiation isotope identification device), PRD's (personal radiation detector) and an HRM (hand held radiation monitor). The results were relayed to Cpl W Logan (see Cpl Logan's supplement).

At approximately 0410 hrs MPO Baird and I entered for photographs only. At approximately 0435 we reentered to collect the radiological sources which were packaged and given to SABT Franks.

MPO Baird and I then entered to utilize the First Defender spectrometer on the glass jar filled with white powder. The spectrometer identified the white powder in the glass jar as potassium chlorate. The items in the cooler and military case were not disturbed and were later placed into the TCV by MPO Baird.

On 05-22-17 thru 05-24-17 members of the Tampa Bomb Squad completed testing and disposal of the IED's and hazardous materials. All evidence items were photographed, documented for inventory and packaged accordingly.

See also supplement reports from other Tampa Bomb Squad members.

Author: **20767 - NIGHTLINGER, KENNETH**
Subject: **FDLE BIO SUBMISSION**
Related date/time: **Jun-29-2017 (Thu.)**

June 29, 2017

On this date, I removed from the Tampa Police Evidence Section the following evidentiary items, which Detectives Puleo and McNiff had recovered from inside the apartment: a copy of the Quran (1610149-23), Jeremy Himmelman's serology card (1610164-1), and Andrew Oneschuk's serology card (1610164-14). At approximately 1331 hours, I hand delivered the same to the Tampa Bay Operations Center of the F.D.L.E. for analysis and comparison. The results are pending.
